Alone, a single puzzle piece reveals an incomplete story or concept, for it is floating . . . reaching out, yet unable to grasp. It begs for development, for the power to create a total image, transformed from a solitary segment to a complex whole, yet consisting of many individual parts. Each unit varies in its color, shape, size, and the direction in which it faces. Through interlocking, however, the thorough tale is told.

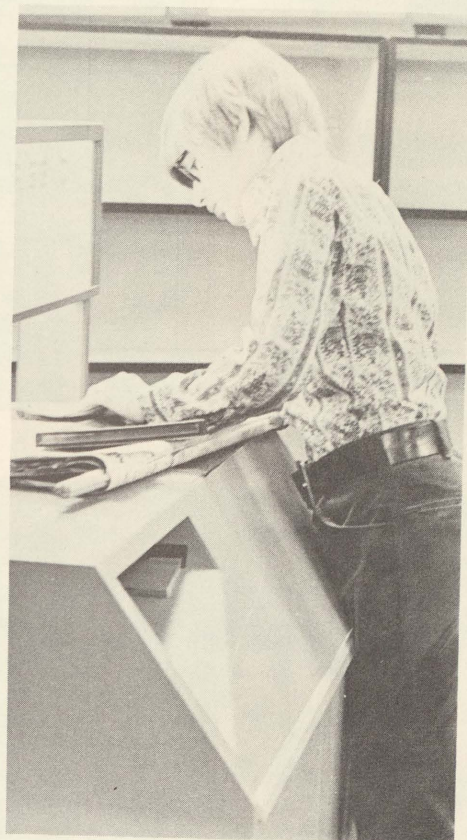

Man needs fellowship . . . a word of encouragement or advice, a smile, a listening ear, a helpful hand. Lack of such support keeps individuals from living, from functioning properly throughout life.

As a puzzle piece, an individual also pleads for development and for the power to create an image . . . his own image. An image which allows that individual to dare to be himself, to proclaim, explore, and defend his personal beliefs, and to live according to these principles.

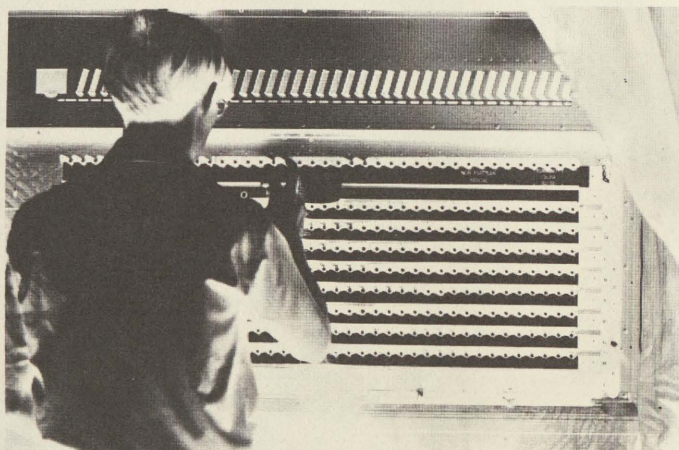

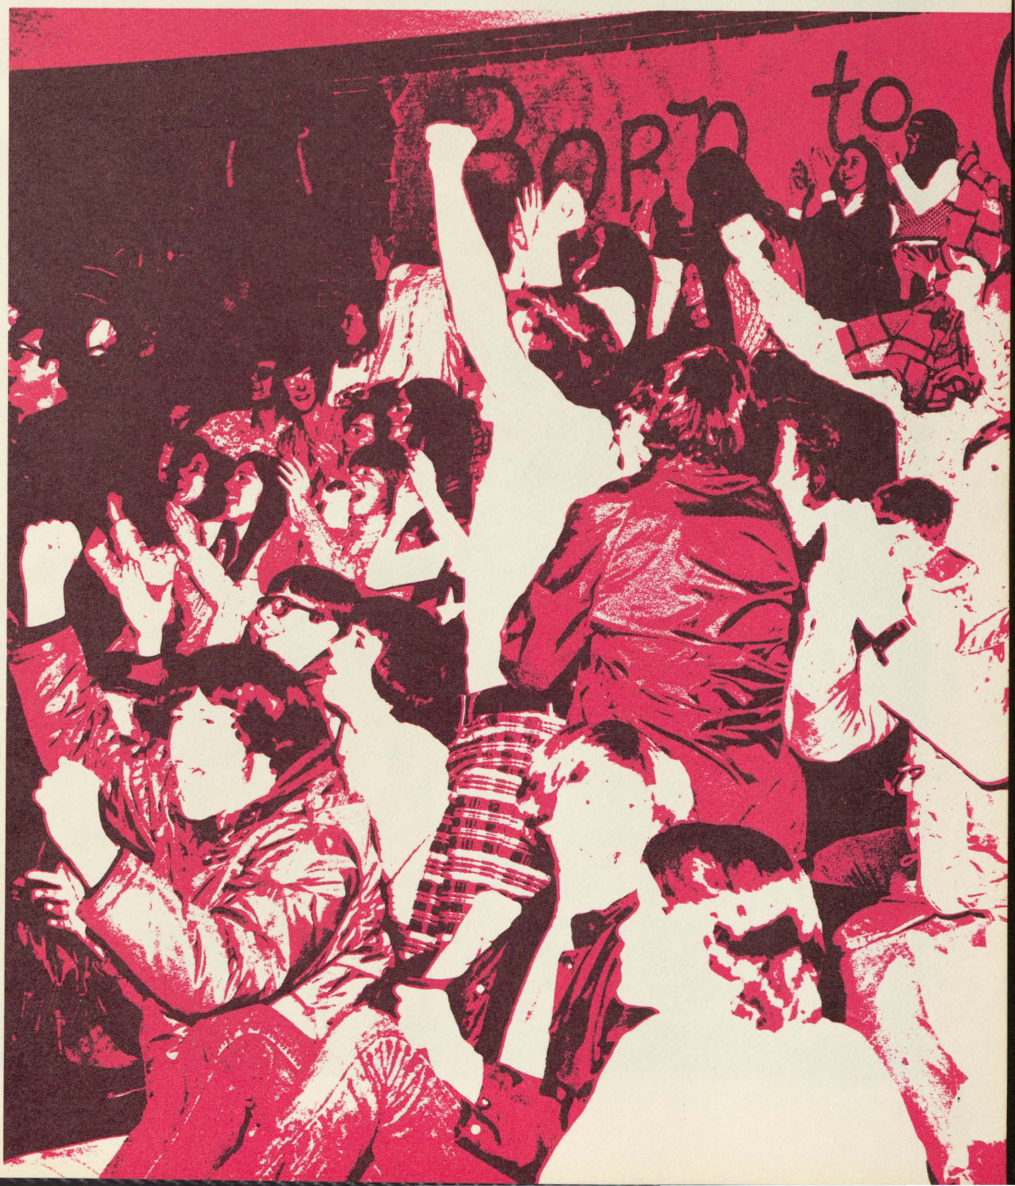

Society consists of individuals who also differ in color, shape, and size. Each individual lives his own life, yet, through combined efforts, numerous goals are set, strived for, and obtained.

Eisenhower High School is a society. Made up of 1400 individuals, we form a union. Together we work toward fame and success, but also learn to accept hardships and defeat. We start as individuals, as 1400 scattered puzzle pieces. But, as time plays its role, we join hands and fit the pieces together.

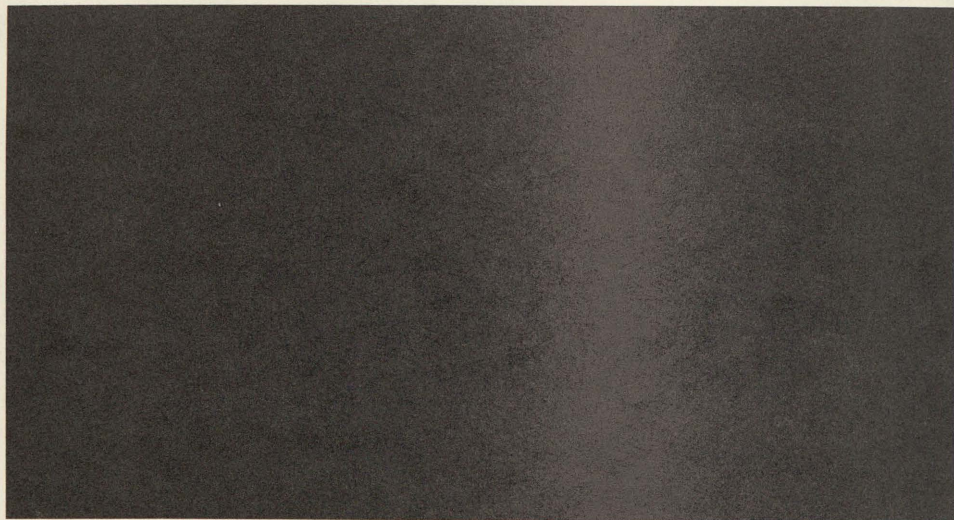

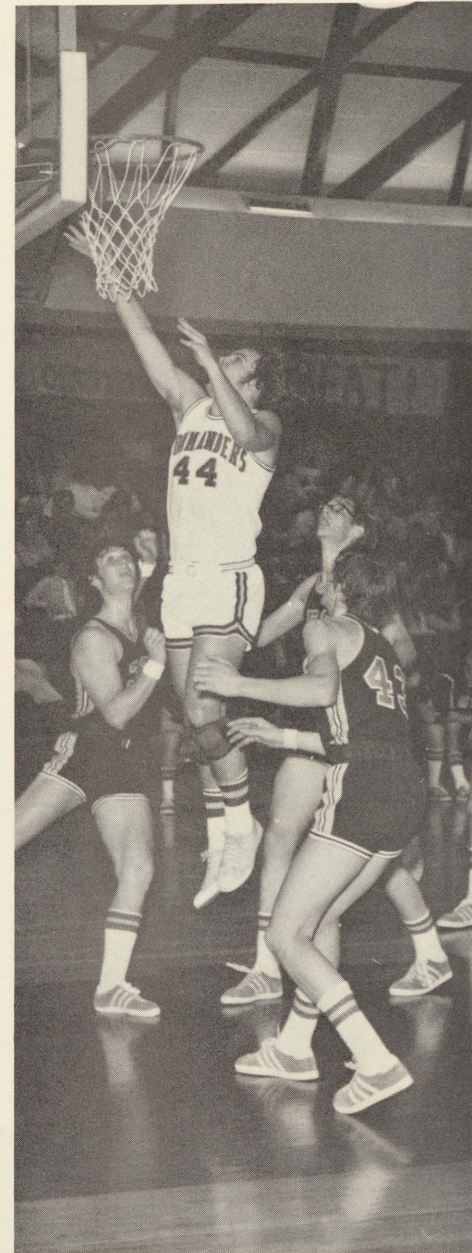

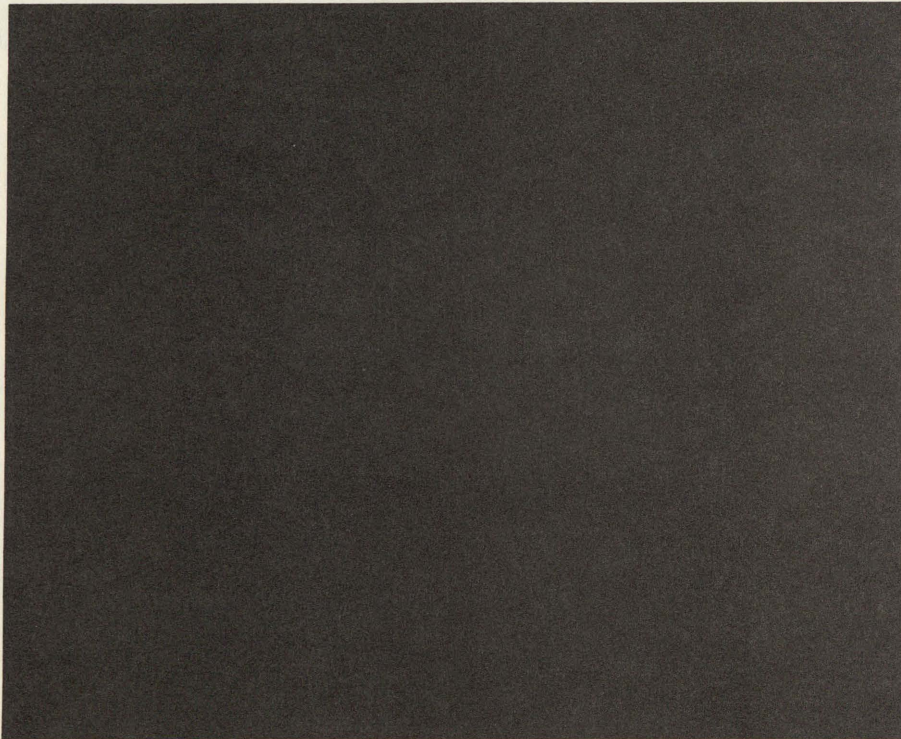

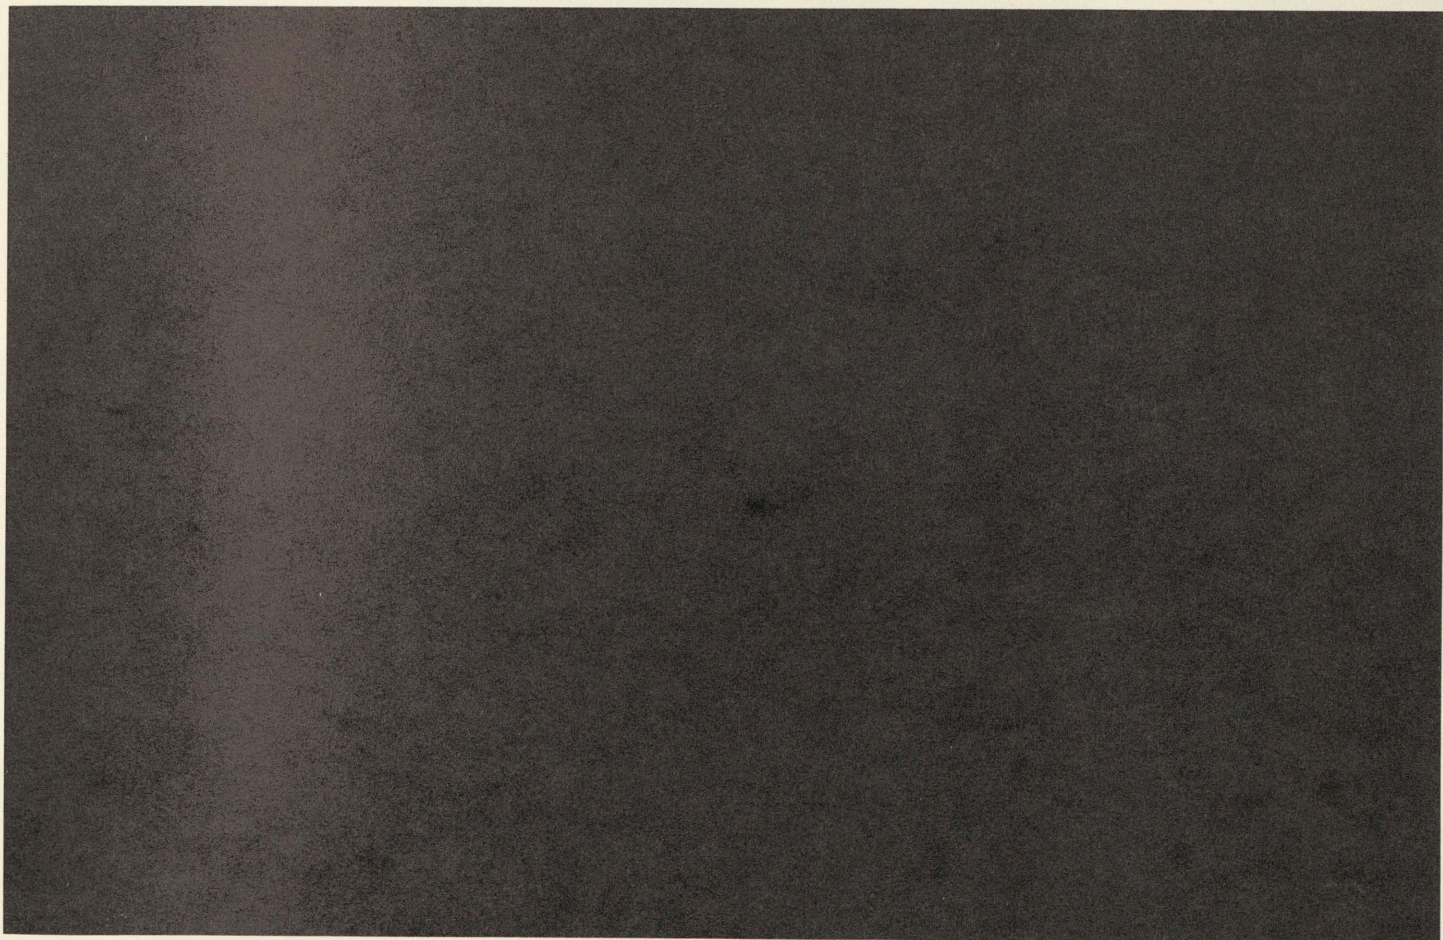

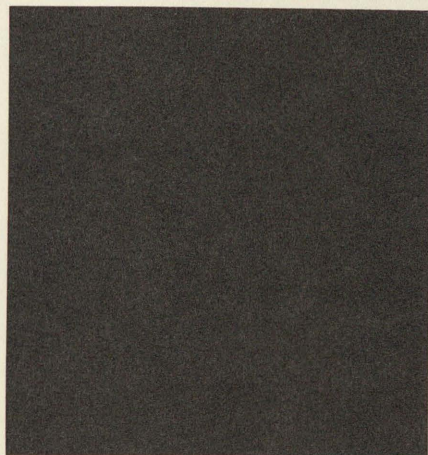

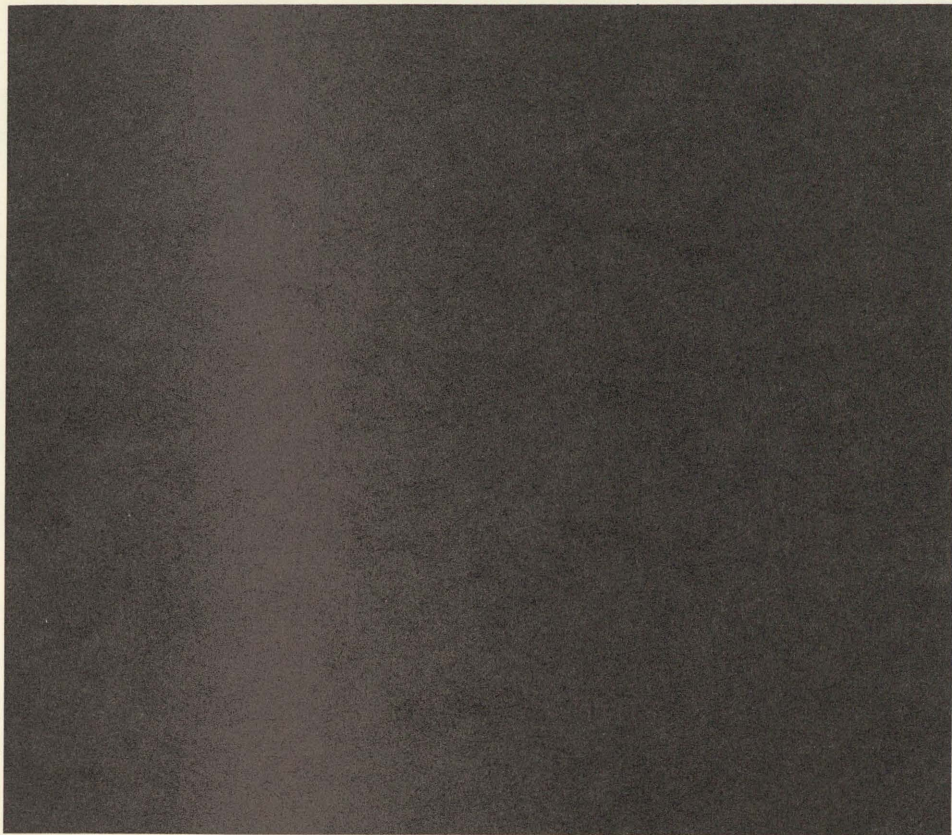

Living Is Learning To Make the Pieces Fit

Forum Communicates

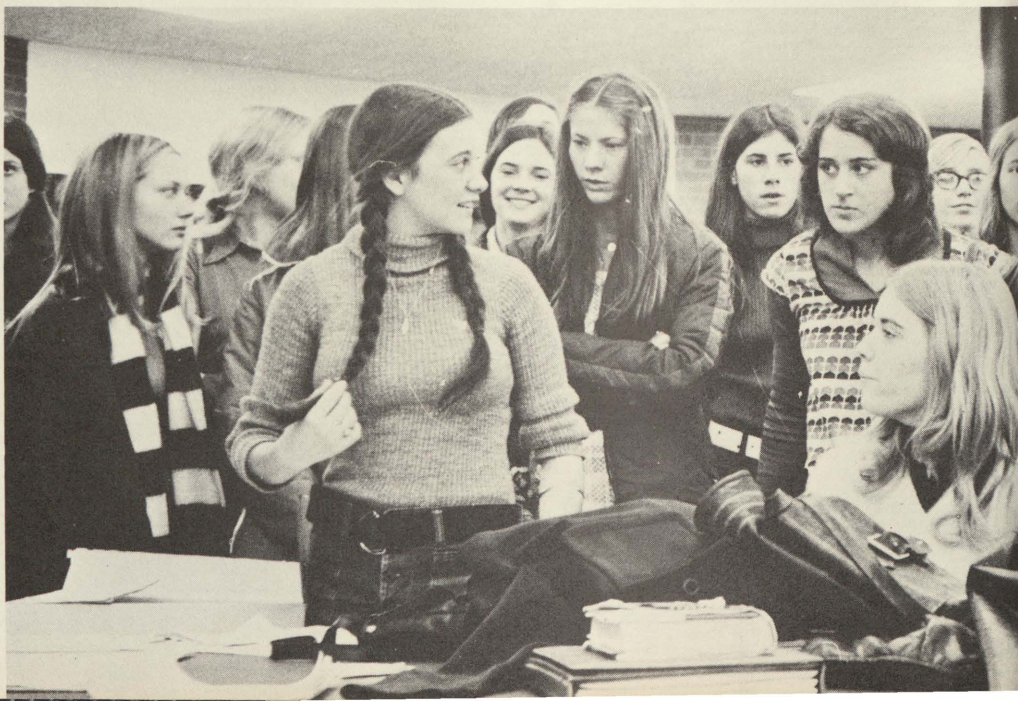

The governing body here at Eisenhower, the Forum, tried a new idea this year forming a class with thirty-two elected students and one elected faculty member, Mrs. Oberschmidt. The class did not fail, but had a few ups and downs throughout the year.

Missing the eight elected faculty members and two administrators during class, the Forum met on Wednesday mornings and once every month, Social Night, to handle most of the business as a whole.

The Forum worked diligently on a smoking lounge and writing to Congress to have legislation rewritten to permit such a lounge. The Forum sponsored the program "Imagine" and put forth efforts to obtain an a la carte lunch line, which was somewhat successful. Members took part in a Joint Council, formed with all Saginaw schools to better community relations, and also supported the DEHS hockey team. The Forum was involved in numerous movements, which, combined, made the year complete.

ME to IMAGINE

"Imagine"

All the People . . ."

The Imagine committee introduced an exciting and brilliant new idea here at Eisenhower this year. On December 4th and 5th the first successful program, "Imagine" came to life. "Imagine" was a two day program given to IKE's students to open their eyes to the stressing problems in the world today. December 4th, Monday, was dedicated to "Racism". It began with Martin Luther King's movie "From Memphis to Montgomery", and was followed by seminars featuring guest speakers discussing racism.

Seventy-five students from Saginaw High, Buena Vista and Douglas MacArthur were invited to Eisenhower to take part in the experience. December 5th, Tuesday, involved area speakers sharing knowledge on 25 problems such as Prison Conditions, Abortion and Child Abuse.

The program, however, did not end after those two days. The committee continued to work together all year bringing in the movie, "Hunger in America", and some Saginaw High students presenting a program for "Black American Week". The spring also saw another "Imagine", somewhat as in December.

Advisor, Mrs. Oberschmidt saw her dream come true and with the help of her "Imagine" committee showed IKE students a unique way to learn about and become aware of today's world for a better informed future.

Where There's Snow There's Skis!

With the lack of snow in Saginaw, skiers took trips to various other places. These trips included—Traverse City, Sugarloaf and Timberly. Surely all who attended Indian River remember it as a chilly experience—the heat was off one night from 1:00–5:00 in the morning.

To help pay for the trips they sold candy and had bake sales. Everyone agrees it was a very successful year.

Drama Club Not All Acting

Miss Sowle, Drama Club's faculty advisor, really had her hands full this year with this very active club. They started the year off with a successful dance which was held after the Eisenhower-MacArthur football game. Also at the beginning of the year was their children's Christmas play which traveled to many grade schools for the youngsters' enjoyment.

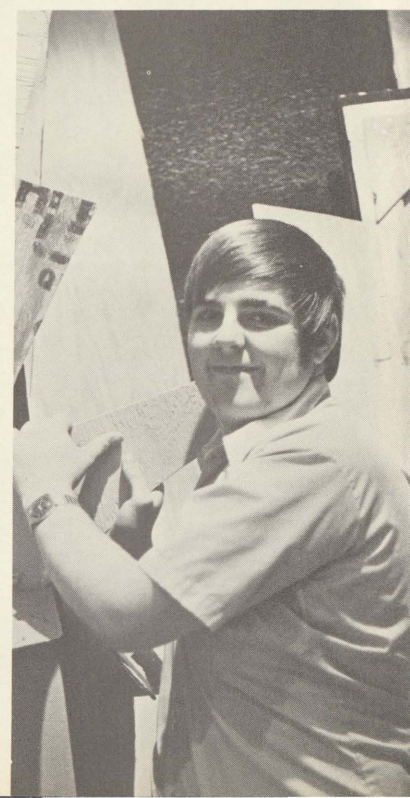

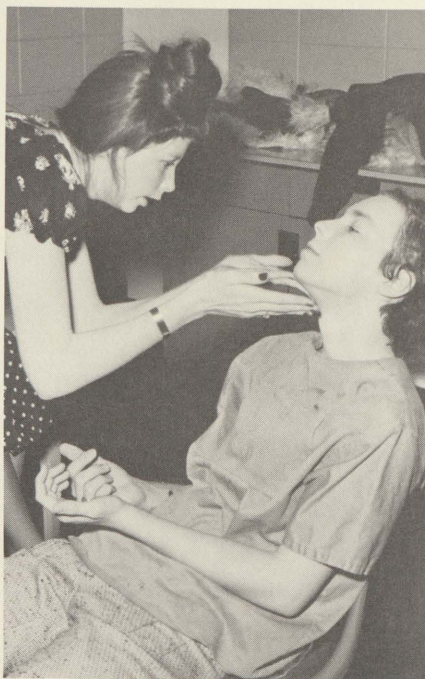

The fall play "You're a Good Man Charlie Brown" had sell-out crowds every night. "The Curious Savage", the winter play, was not so fortunate, but they had no trouble filling most of the seats.

Besides doing their own plays, Drama Club members visited Pit and Balconey to view a few of those performances and went to Michigan State for a presentation of "Cabaret".

Trophies were presented to the senior Best Actor, Actress, and Dramatist (male and Female) which were presented at a banquet in honor of the seniors.

Pep Club Works to Boost Spirit

Pep Club started out the year by electing the following as its officers: President—Janelle Pohlman; Vice-President—Bev Hampson; Recording Secretary—Charlotte Joswiak; Corresponding Secretary—Karen Laatsch; and Treasurer—Karen Schmitt. This year Pep Club sponsored pep buses, pep assemblies, Pride Week, and Fall Fantasy. They also painted signs and sold spirit boosters such as pom pons, fight song posters, key chains, stickers, etc. Throughout the year, the Pep Club continued to work toward a more spirited student body.

Sea Nymphs Show A Sweet Treat

On May 3, 4, and 5, Sea Nymphs presented Candyland. The thirty swimmers presented a variety of numbers including such sweets as Mint, Candy Canes, Butterscotch, Chocolate-Covered Nuts, and Red Hots. Adding to the enjoyment of the show was a boy-girl lift number, which was done for the first time in Sea Nymphs. The audience was provided with penny candy during half time, which was passed out by three clowns. Concluding the show was the number Penny Candy, which was performed by the entire group.

Community Involvement

Key Club, the only service oriented club in the school, has come a long ways. Sponsored by the Riverside Kiwanis Club of Saginaw, the Dwight D. Eisenhower Key Club has a bright future. The officers played an important role in Key Club this year. The President, Jeff Sadlak, has lead the club through many hardships. The other officers are Harry Lum, Vice-President, Tom Berka, Secretary, and Joe Pie-schotte, Treasurer. One of their main projects this year is donating a trophy case to the school. They estimate this will cost close to \$500. To raise money this year we ran the concession stand during Football and Basketball games. The club has produced, this past year, the highest office of the Michigan District, Governor. With the backing of Key Club, Harry Lum was elected Governor, an honor each Key Club rarely receives.

Introspectus

The Yearbook class of 1972-73 succeeded in publishing the second edition of INTROSPECTUS. Beginning in the fall, the staff sold ads going over their goal. In addition the first dance of the year was sponsored by the staff, during which Volume I of INTROSPECTUS was passed out.

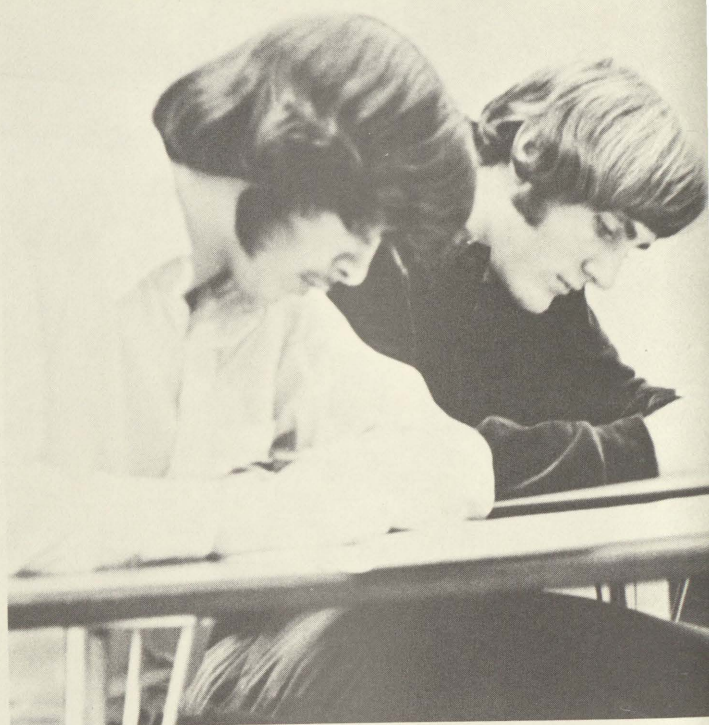

With the presentation of "Fall Fantasy" the class members sold beautiful white mums to adorn the girl's dresses.

The staff lost six experienced seniors in June and will be training new staff members in the fall to fill the vacant positions. With the help of faculty advisor, Mrs. Ball, the INTROSPECTUS staff is already hard at work on the 1973-74 yearbook.

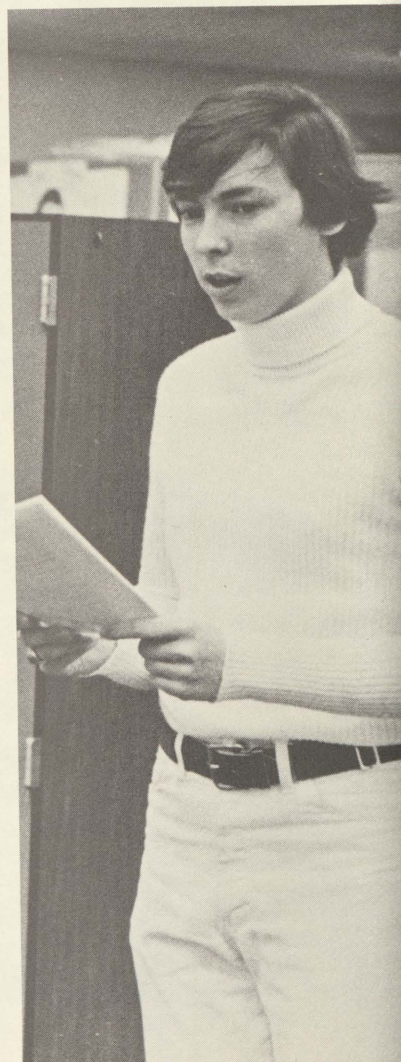

Far Above: Staff members show signs of relief after meeting an important deadline. Above: Co-Editors, Kim Fray and Pam Willard, discuss the special effects of last year's yearbook. Left: The yearbook staff hard at work—writing copy, drawing layouts, and cropping pictures.

Debate Does It Again

The '72-'73 Debate team helped fill Ike's trophy case again this year, bringing home a three foot, first place trophy awarded to Eisenhower's team for their tremendous performance in Saginaw County Competition. Ending the season with 15 wins and 5 losses they were also awarded a plaque from the University of Michigan for a 75% winning streak. A second place was awarded to our novice team which proved they were, in reality, no beginners. Novice, Scott Strattard, walked home with a third place, top speaker from the district competition. A weekend trip to Mackinaw Island climaxed the '72-'73 debating year when a state-wide tournament was sponsored by all schools. Surely Mrs. Brandon, the coach, was very proud.

Trophies for Forensics

Eisenhower is considered a new school, but the Forensics team certainly doesn't show it. The trophy case is still growing with much help from the 72-73 team who added seven. Under the coaching of Mrs. Cindy Brandon, there were two Sweepstakes, or all round team trophies included in the awards to Eisenhower. Traveling all over the state, including two home meets, the IKE team showed tremendous abilities in story-telling, radio news, and oratory, to just name a few. They concluded a very successful season with a banquet.

Earn While You Learn

Chances are the members of the Distributive Education Co-Op class have been a big help to many of the students this year. Everyone knows "Clockwood Orange" means candy, books, posters, etc . . . This school store is operated and managed by members of the Sales Co-op class.

Sales Co-op is a unique program in which you "earn while you learn". The students have various different part-time jobs throughout the community where they gain first-hand experience in retailing and selling.

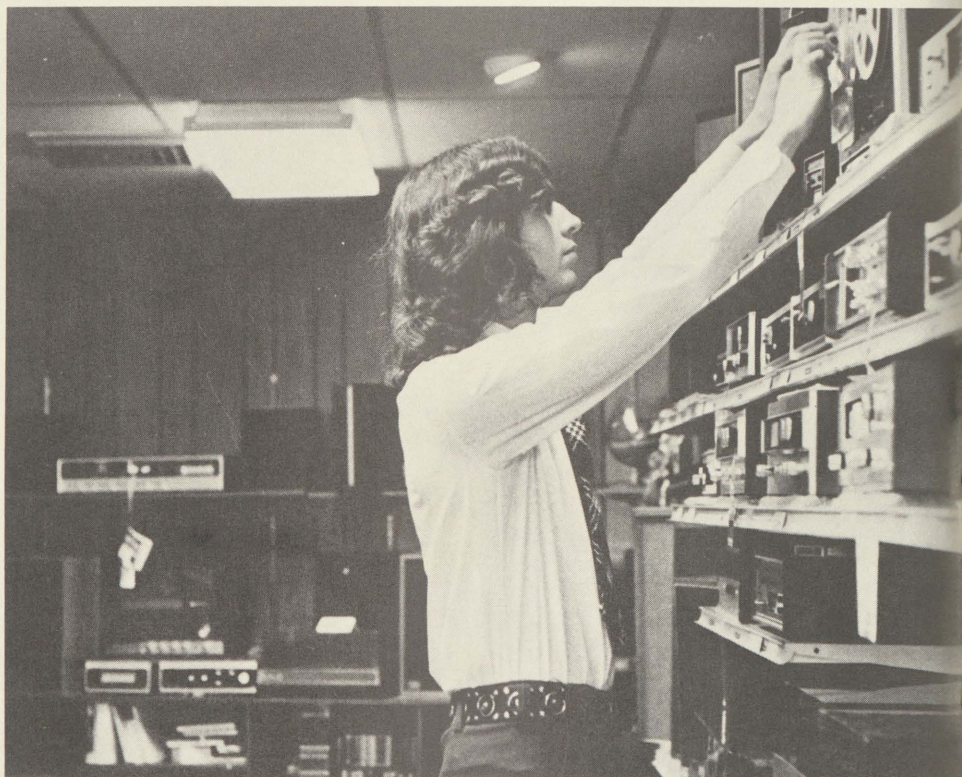

Office Co-op is a program developed between the school and businessmen in the community in which the student receives on-the-job office training through paid part-time employment, and also has related office instructions in school.

Many of the students from both Co-op classes will be offered full time jobs upon graduation in June; some will go on to college; but all will have received valuable experience, gained maturity, and developed leadership by having been exposed to the world of work through the co-op program.

The club's most successful activity was the Annual Co-op Faculty Basketball Game, April 3. The proceeds from this game were used to finance the Co-op Employer Appreciation Banquet held at the Holiday Inn East on May 8.

All Their Efforts Pay Off

Mrs. Minard loved her club this year. For Christmas Spanish Club took her to dinner at the Yukon where she met her favorite player of the Saginaw Gears, Jim Maerts, only problem was she didn't recognize him.

An International Dinner was held including French and German Club. They enjoyed a delicious variety of foreign dishes. They also had a Spanish dinner and invited nearby Spanish Clubs, including Bay City Clubs. They delighted in a real Spanish feast.

Two of the many money making projects were a successful carmel apple sale, and having the first dance of the year. Much profit went to supporting a young girl in Mexico.

Of the many members going to Spain, the most active individual received a \$25 dollar scholarship to help pay his way.

Altogether Spanish Club had a very successful year.

Activities Galore

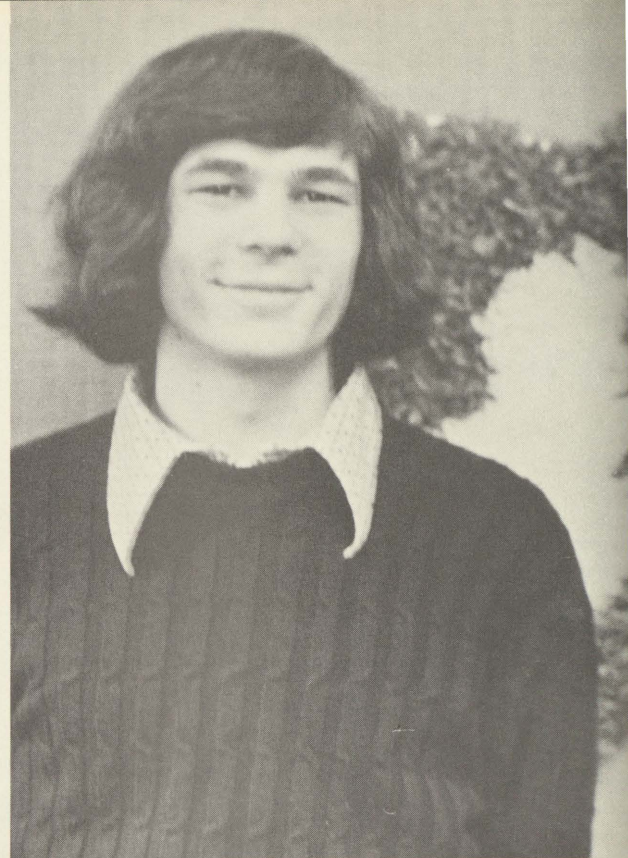

This year's German Club showed bundles of energy throughout the year with many money-making projects including their Oktoberfest where each member brought a German dish for a smorgasboard dinner. To show their spirit towards Eisenhower, they sold Commander buttons. At Valentines time they sold candy hearts, then held a Valentine's Dance. King Terry Sullivan, and Queen Sharon Bonhoff reign over the festivities.

Along with French Club, they were invited to the International Dinner contributing interesting German meals to the menu. In community activities they practiced Christmas carols and then went out caroling at Luther Manor.

All their profits went to supplying German books for German students, and supporting German exchange students. In addition, they took a trip to Mackinaw Island. An amusing time was enjoyed by all.

Dreams of Quebec Realized

This year French Club made the most out of the limited time they had to earn money for their treasury. Some of the money they raised came through an unusual sale of rock candy and large candy bars. Both items proved popular. Most all of the funds went toward a trip to Quebec, Canada.

On their trip they stayed at a seminary and saw many famous sites. They marveled over the precision of the Royal Mounted Police and visited historic castles. The trip also included some members of the Mac Arthur French Club.

They were invited by Spanish Club to an International Dinner bringing a variety of French foods to spice up the menu.

I'm sure all French Club members would agree that it was a very successful year.

A Note of Delight

This year's band did a fine job keeping IKE Students entertained at many of the assemblies. In addition many students were involved in the marching band at Eisenhower. They played at all 7 of the home football games under the direction of Mr. H. Wallerstein, and drum majors Tim Archangeli, and Randy Bowl.

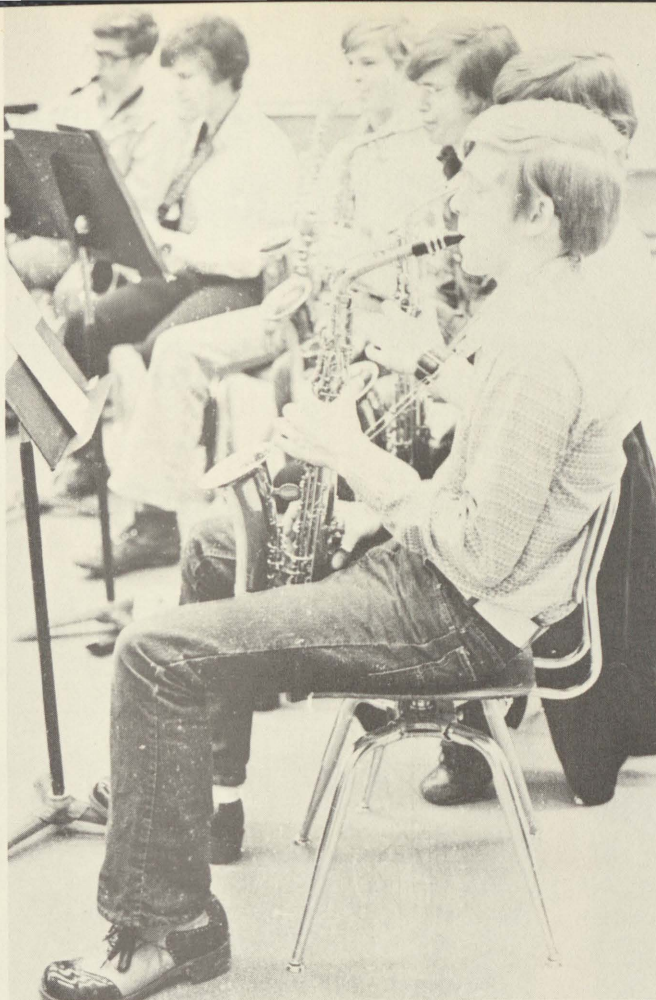

Besides the Marching Band there was a Concert Band for all interested students. Although not as successful as the Marching Commanders, they were all hard working musicians.

What the band lacked in size, they made up for in enthusiasm and talent. Everyone certainly was proud to have such a fine group of students representing our school.

IKE Students Are Talented When It Comes to the Theatre

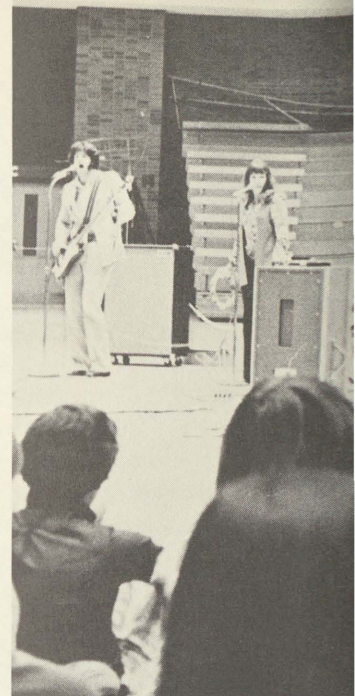

The '72-'73 school year was a full year for plays. There were five major plays put on, not including two children's plays. The first, a very successful play, was "You're A Good Man Charlie Brown", which also was the first musical ever produced at Eisenhower. We all hope it won't be the last. The winter play was "The Curious Savage", which was basically a comedy but produced moments of mixed emotions in the audience. Early May saw the production of three one-act plays written by Donna Ullrich as an independent study project, which all goes to show IKE students are talented and enthusiastic when it comes to involving themselves in the theater.

Interruption of Routine Welcomed

A wide assortment of unusual and interesting assemblies entertained students here at Eisenhower. The month of October proved exciting during election campaigns. A visit from Republican Jim Harvey informed the audience about "Election 72." Another visit from Democrat Edmund Muskie drew a crowd from all areas of Saginaw. A dozen or so schools fit close together to hear what he had to say, with questions at the end. IKE had its first candle-light assembly held in the gym for its closing of "Imagine." The peaceful lights added to the interesting two days. IKE students welcomed three singing groups throughout the year which included; The Connection, Campus Life, and a choir group from Adrian College. The wide variety of assemblies in the year '73 also involved Forensic, band, and choir students performing, not to mention the traditional pep assemblies.

Awards Given For Achievements

The second annual Recognition Night was called to order at 7:30 on May 10, 1973 in the Eisenhower gymnasium. However, the agenda was altered somewhat this year. Those being recognized were not necessarily done so academically. Awards were presented to those showing leadership, effort, and insight. Special awards were granted to our administrators, counselors, and Officer Tom Millerick for outstanding assistance displayed throughout the year. Instructors from each department were also acknowledged.

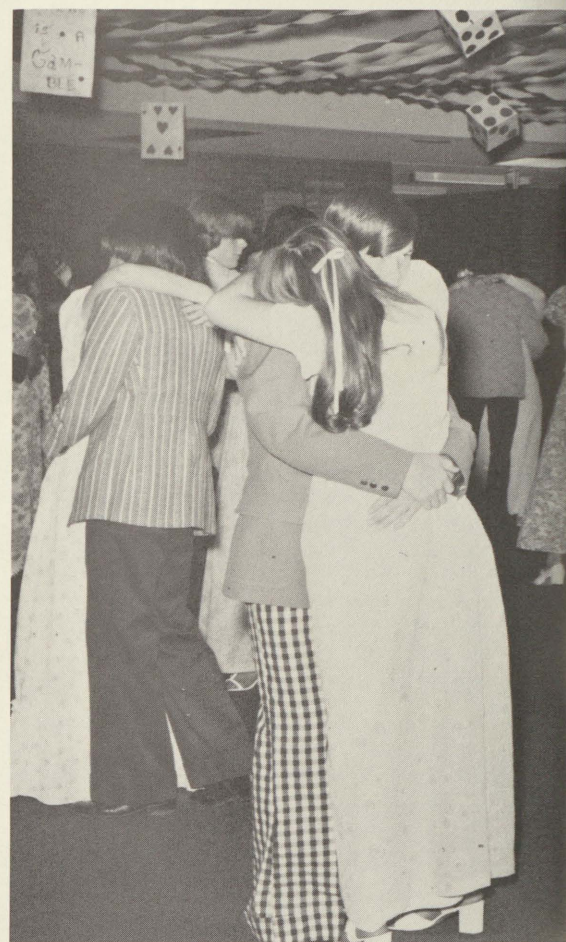

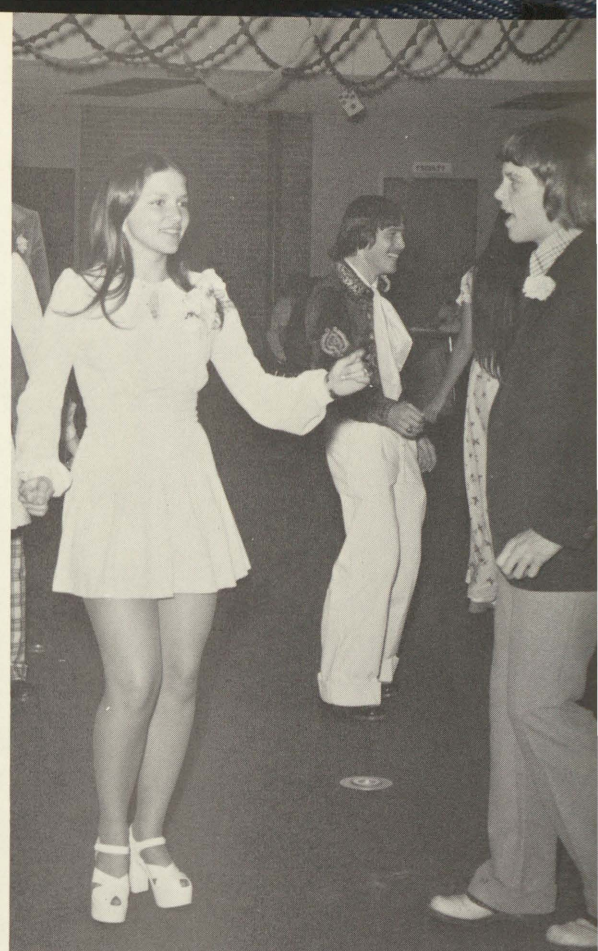

The assembly was followed by an informal open house, and friendly chats were shared with parents, teachers, and students.

Life Is a Gamble . . .

was the theme for this year's Junior Prom, presented by the Sophomore class.

The every-day Student Center was transformed into a "cloud 9" floating somewhere over Las Vegas. Behind the red, white, and black streamers which adorned the entrance, you could see lovely girls in beautiful floor length gowns. The girls with their handsome escorts danced to a variety of songs performed for them by the Springwell band. Dangling above their heads were giant dice with multi-colored spots. Along the walls, behind where the couples sat with punch, and talked, were posters of cards and gambling booths to help carry out the theme.

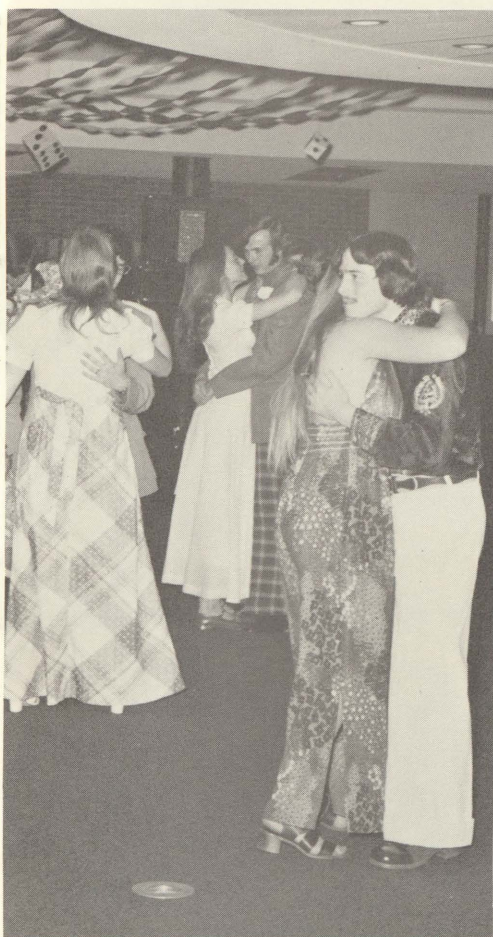

Scenes from this year's prom are sure to be among the cherished memories of all the couples who attended.

Pride Week Brings Results

An early Monday morning assembly started the "73" Pride Week off to a bubbling beginning. The pep club members introduced each day of the week in their assorted get-ups. The week of March 12th through March 16th had every day filled with pride; Monday—Blue Carpet Day; Tuesday—Button Day; Wednesday—Green and White Sock Day; Thursday—Poster, Book, and Fight Song Day; Friday—Green and White Day. Most all the overdue books were brought back to the library with no charge. The poster contest brought out IKE's pride with Randy Bauknect taking first prize and Carol Behme placing second. The Friday night dance was held in honor of the "73" Mr. and Ms. Leprechaun: Bill Zehnder and Denise Truskoski which ended the week's festivities.

Political Awareness

The students and teachers here at IKE had the opportunity to try their hand in politics this year. Mr. Michelson headed the Democratic campaign here in school and outside while Mrs. Brown headed the Republican campaign at school with Mr. Wienecke in charge of the outside activities. Both campaigns had three objectives: sponsoring the mock elections at school, being in charge of getting politicians to speak at the assemblies and canvassing around the Saginaw area. The participation was good and both party campaigns met their objectives.

Cheerleading Means Involvement

Of all the activities available to girls at Eisenhower, none provides so great an opportunity for involvement and service to the school as cheerleading. But with these rewards comes added responsibility and a willingness to give up personal time for the sake of others. The 1972-73 cheerleading squads were no exception, beginning their duties immediately after selection.

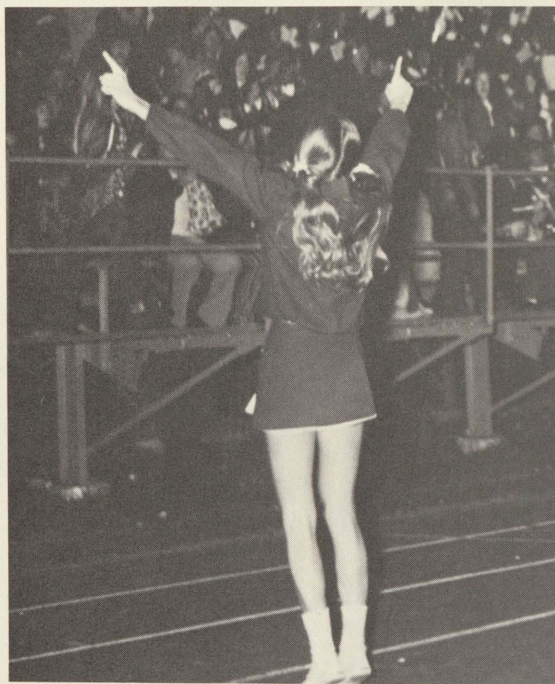

They sold suckers and presented two dances which contributed to a greatly needed fund for camp. With the help of the student body they proved that IKE had the enthusiasm and spirit needed to win. Along with their advisor Mrs. Ball, they made it a year to remember.

. . . 5, 6, 7, 8. Pom Pons Begin Practice

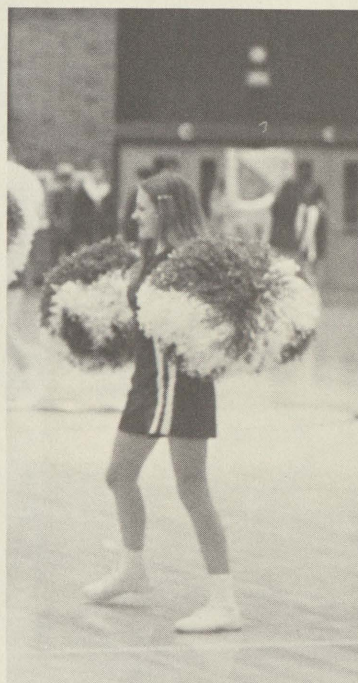

The Pom Pon squads were busy again this year with some of their old tricks in addition to some new ones. Besides using Pom Pons during the routines, bells, gloves, and lights were introduced. A Sesame Street "Big Bird" was constructed for a performance, while the J.V. squad wore pajamas during their Christmas appearance.

The Varsity squad went to camp during the summer and spent long hours over bake sales, car-washes, and window-washes to pay their way.

Other schools, including Douglas MacArthur, were invited to perform during half time which led to an exchange of ideas and the formation of friendships.

Mrs. Dancik served as advisor the first semester, followed by Mr. Rosson the second semester.

Varsity Voodoo

What can be said about a football team that finishes the season with 1 win and 7 losses, and who finishes last in the WPC? Ordinarily not very much. There is always the usual: they worked hard . . . they never gave up . . . they had spirit . . . But the instance of the Commanders '72 season that stands out in everyone's mind is the night the MacArthur Generals traveled down the road to the Commander field.

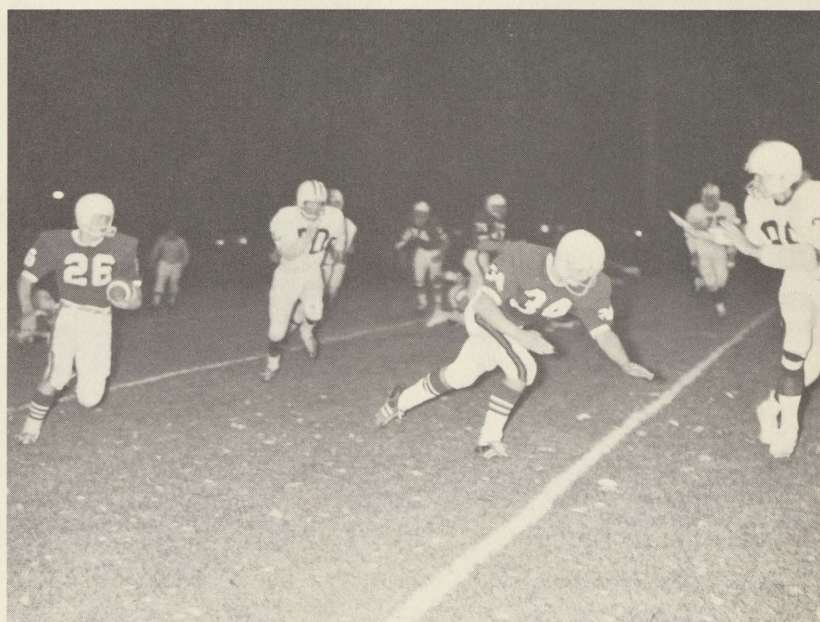

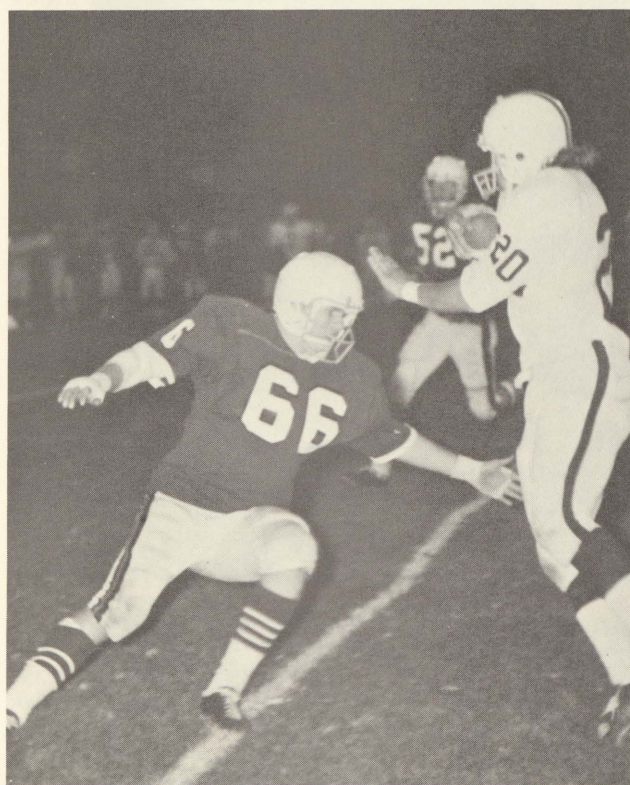

The Commanders were ready for the game. The Pep Assembly of that afternoon had the players, coaches, and fans keyed up. The Commanders were "together" that night and they went out onto the field to prove it. At the end of the 4th quarter the score was 12-12. The new overtime rule went into effect. Actually it was used three times with the result of a 32-26 Commander victory.

Coach Fenton and his assistants Mr. Tuter and Mr. Mikolajczak worked hard and long with their 36 man team. All-Conference awards went to Jack Flathau, defensive back, and Jim Beyer, offensive tackle. Long hours of practice, aching muscles, flare-up in tempers, and yards and yards of tape typified the 1972 football season for the Eisenhower Commanders.

J.V.'s Show Promise

The many grueling hours of practice paid off for the J.V. football team. Coached and guided by Mr. Ryan and Mr. Pugh, they closed the season with an outstanding record of 6 wins and 1 loss.

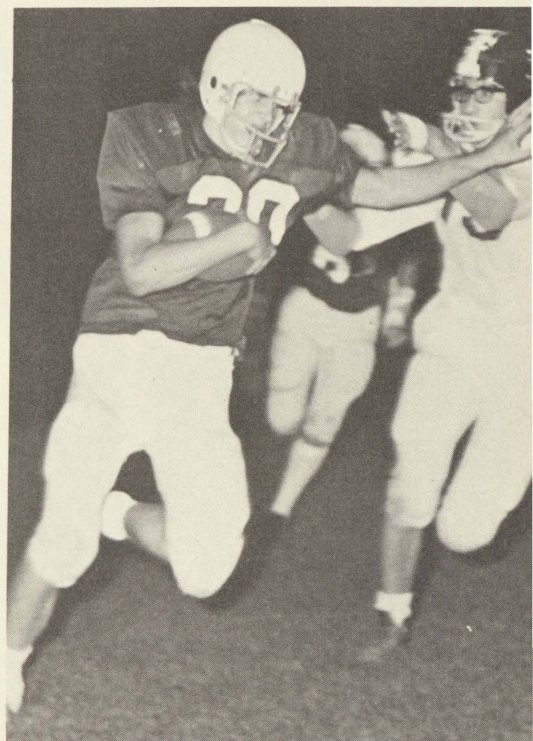

The leading scorer for the team was Jim Mulholland. Among the many impressive scores was a 48-14 victory over MacArthur. The Varsity is looking forward to next year when many of the J.V. players will graduate to the Varsity team.

Freshmen Excel

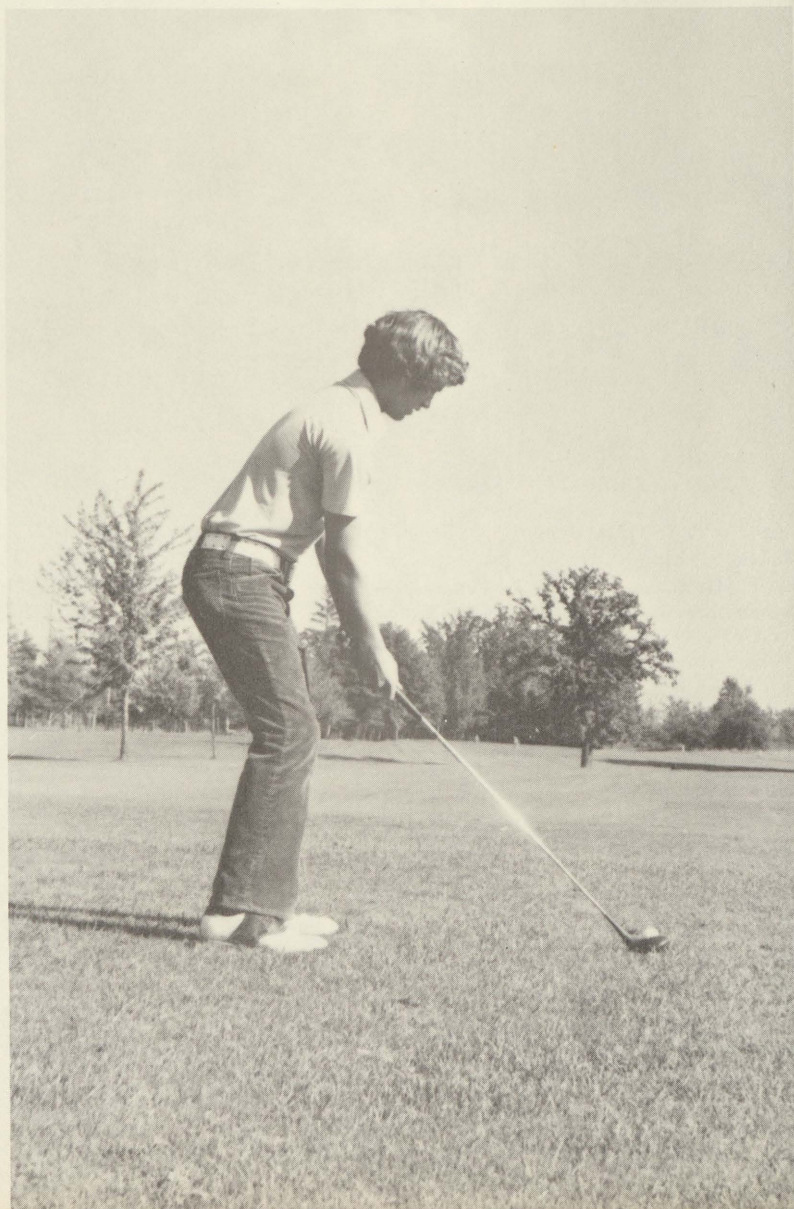

This year because of the large number of freshmen going out for football, the coaches were forced to split into two teams, A and B. The A team, coached by Mr. King ended the season 6-1. Leading scorers were Dan Prueter—98, Bill Sargent—72, Mark Olivarez—24, and Jim O'Brien—12. One of their most exciting games was against D.M.H.S. with a whopping score of 82-0. The B team coached by Mr. Rummler ended the season with a not quite as impressive of 2-4, but the boys worked equally hard. Outstanding players for the B team were Bart Blegen, Ron Reagan, Troy Nyeste, Brian Ulicki, Tom Bulgrien, and Mike Minard. All together the little Commanders show great promise for the up and coming years.

Spirit Plus Skill Pay Off

The 1972-73 Varsity golf team set a season record of 12 wins and 4 losses. The team showed much improvement with their enthusiasm in full swing. Eisenhower took first place in the Oscoda Invitational. The team took fourth place in the White Pine Conference, a somewhat disappointing finish as their total was only two points shy of second place. Steve Corbett was named Ike's most dependable player with the best round of 72 strokes. Mike Stelter helped the team but being named the most improved player through out the season. The team was made up of three Seniors who will be missed after graduation. With only two members remaining, varsity golf will turn to the J.V. team to complete their ranks for "73".

Junior Varsity Face Opponents

Coach Decker had much to be proud of in his Junior Varsity golf team. They worked hard together through practices and six matches. They ended the season with a 2-4 record. Although their record wasn't outstanding their enthusiasm will prove to be helpful to next years team. Coach said he is fortunate to see new players coming next year but dreads losing his good players to the Varsity team.

When We Are Tired . . . We Sprint

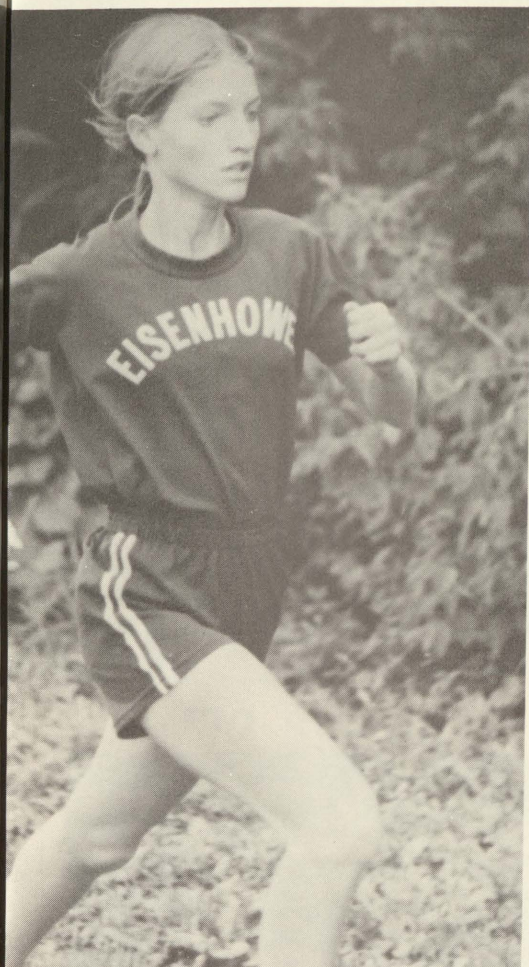

Coached by Roger Hanson and Kevin Taylor, "Hanson's Hurriers" became the champions of the White Pine Conference, Saginaw County, and the Bullock Creek Invitational.

All of the home meets were held at Imerman Park. The over-all season record was 79 wins and 22 losses, a very impressive showing.

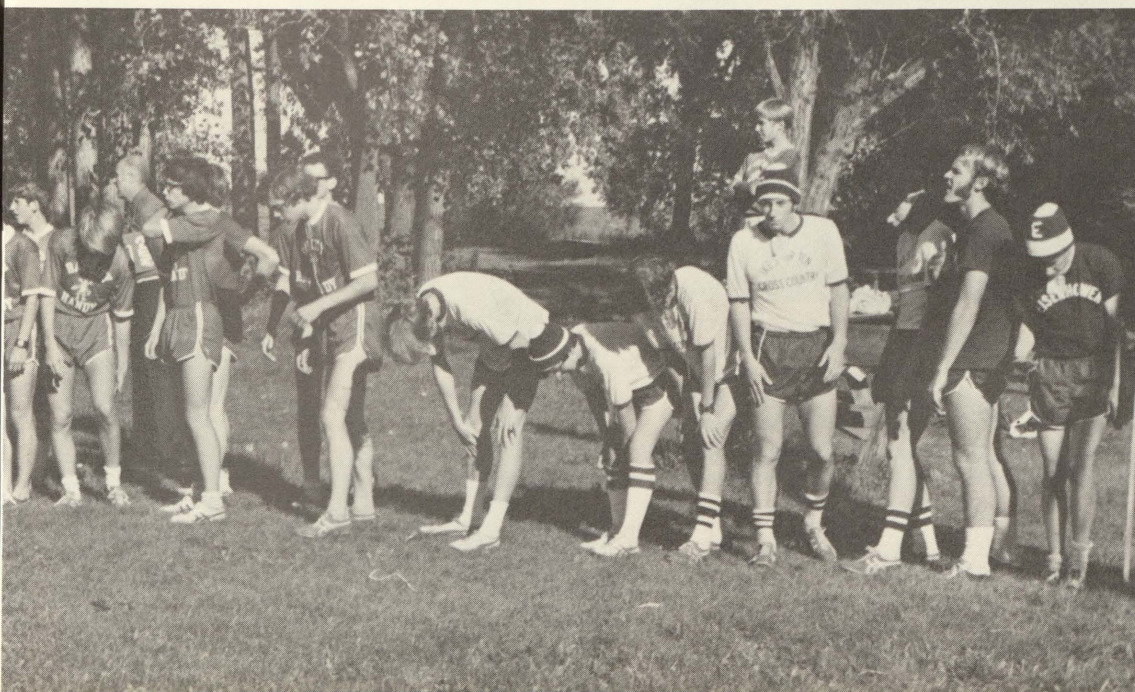

Of importance to the team was their improvement record, a total of 71 in the 1972 season. This broke their old record of 57, set in 1971. Freshman Joe Shemanski led the entire team with an improvement record of eight. Course records were won by Senior Herb Lindsey, Junior Don Law, Sophomore Tom Plamp, and Freshman Paul Singer. Randy Speckhard held the record for the most miles run 1,274, accumulated between June 1st and August 31st, 1972.

Tennis Just a Man's Game?

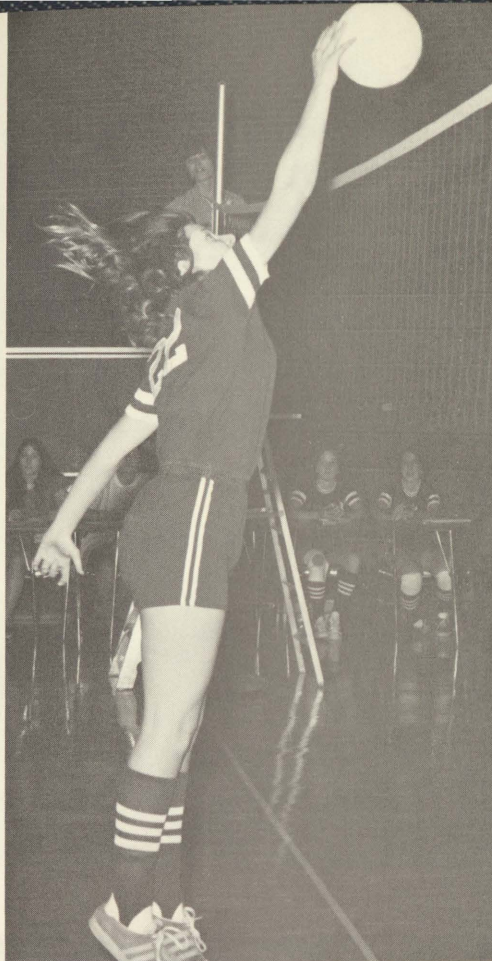

This year Mr. Teal with the assistance of Mr. Muslin, started the first girls' tennis team. Even though their record 0-6 was disappointing, the girls gained much experience and showed considerable improvement throughout the season. The team consisted of beginner players while their opponents already had faced competition in past years.

The captain and most valuable player was Janette Pohlman, while Vicki Crinzi was selected as the most improved player. Coach Teal considered the team a very special crowd and knows their enthusiasm holds promise for the future. The team hosted a banquet with Bay City Handy at the Sky Room which ended the season with high hopes for a winning team next year.

'72 Season Successful

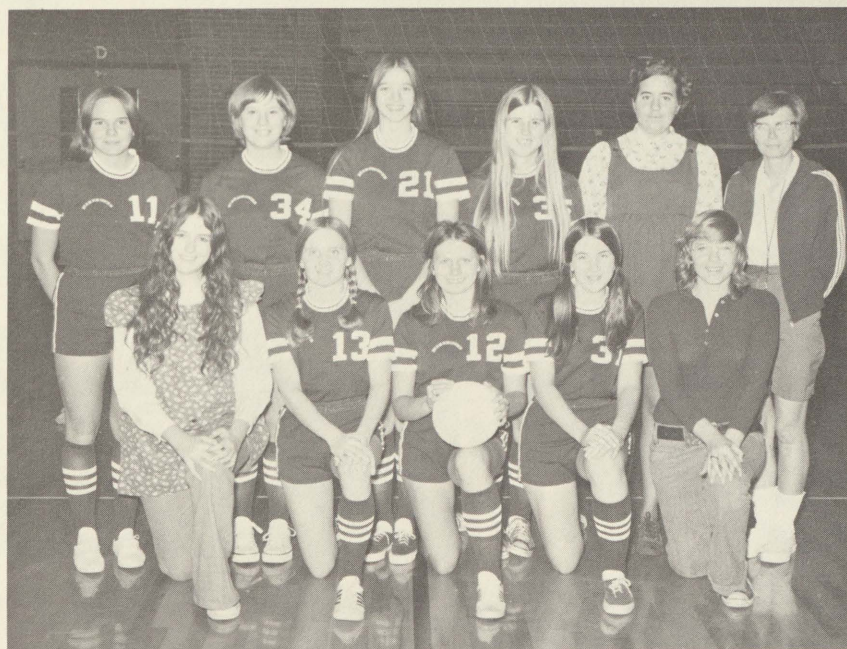

"Seventy Two" was a good beginning for the Varsity and Junior Varsity girls' volleyball team. Both teams had a pleasing season record of 3 wins and 5 losses. All the players' ability improved tremendously throughout the season. The team had many problems which they overcame together. The girls think their biggest accomplishment was defeating the top team, Bay City Central.

Varsity team captain, Kathy Parrish, Junior Varsity team captain, Sue Laundra, and team managers Ellen Heitkamp, Cindy McNally, and Kathy Witting gave the teams confidence and support.

Although the team will lose a few players to graduation, the team hopes to gain more underclassmen for a even more successful season next year.

Win Record Highest Ever

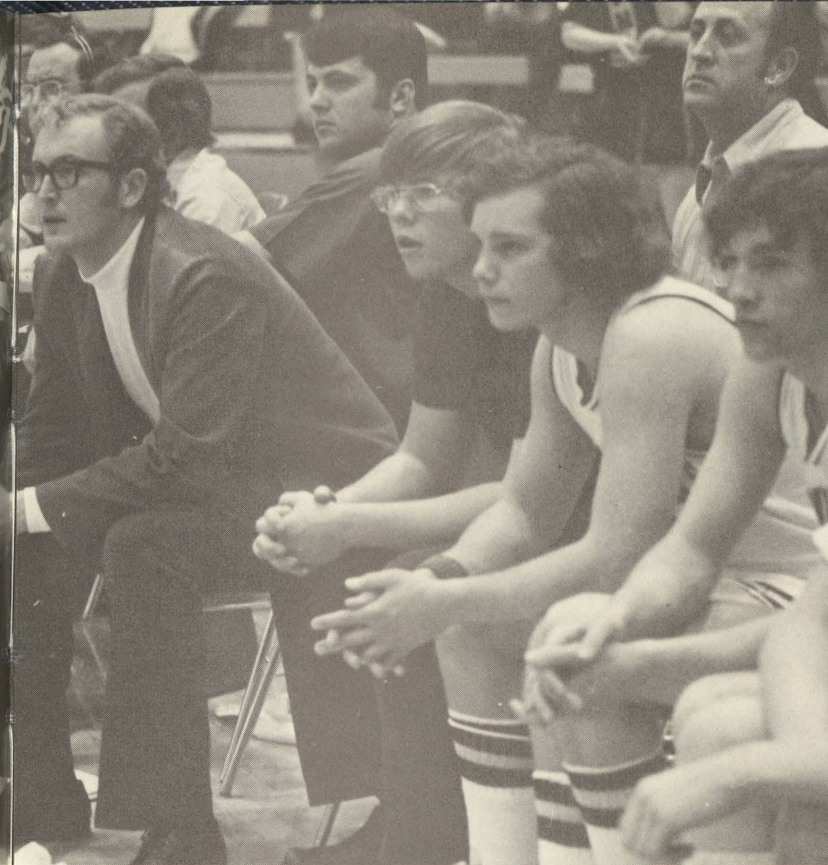

The Varsity Basketball team, coached by Jerry Berg had a somewhat successful season with 10 wins and 12 losses. One of the highlights of the season came with a win over Bridgeport in the district playoffs, the first such victory for a Saginaw Township team.

A banquet was held for the team, and awards were given to Steve Woock for Most Improved Player, Bob Stadnika for Most Valuable Player, and Bill Fleener, a freshmen playing on the Varsity team, who helped the team break school records. Better luck next year!

Junior Varsity Improves

This year's Junior Varsity basketball team did quite well. They ended the season with a win of 11 and a loss of 9. This is a score to be proud of as a second year team. The team improved by playing as a whole. They all contributed to there winning season so coach Berg did not name any outstanding players. Junior Varsity came in 5th for the White Pine Conference which consisted of 7 wins and 3 losses. Mr. Berg commented "It was a year well done."

Frosh Starts Fresh

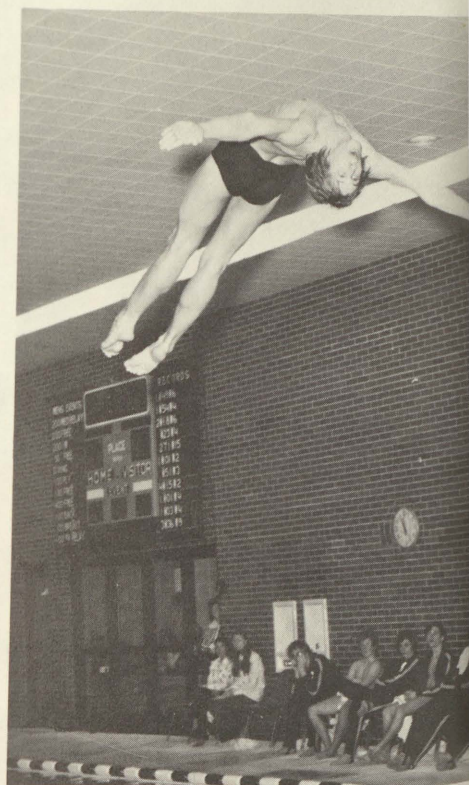

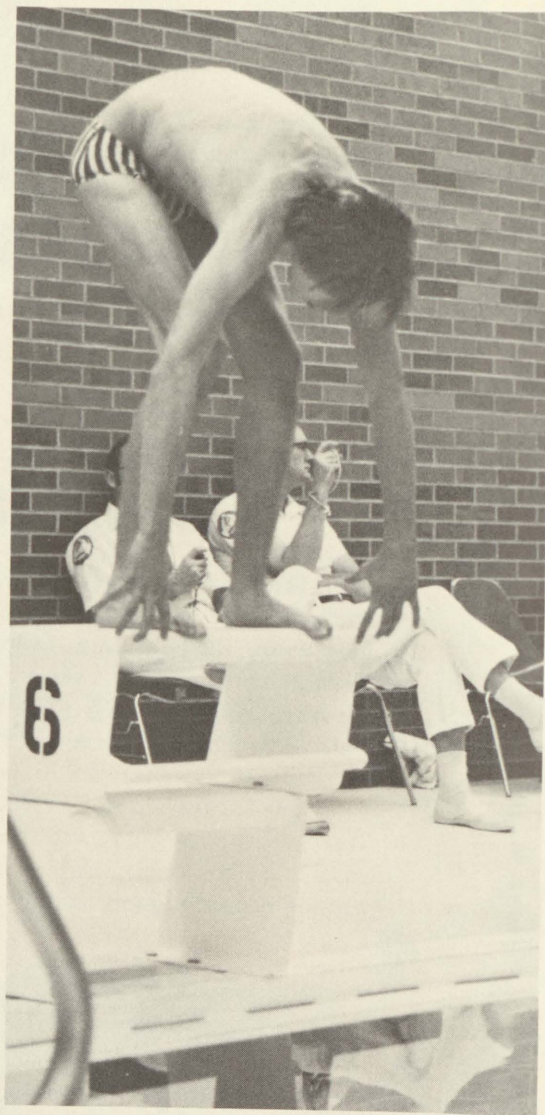

The Freshman A team ended their season with fifteen wins and five losses. Not bad for a first year team! In addition to their winning season, the boys learned what real teamwork means, trusting one another to produce a victory. This co-operation paid off, and the A team placed second in the White Pine Conference. Coach Dulac is looking forward to watching the players in the succeeding years as they move forward to more victories.

The '73 B team also improved. With some wins and some losses, the players gained valuable skill for seasons ahead. Also coached by Mr. Dulac, the B team shows promise for the future and will add needed support for the junior varsity team.

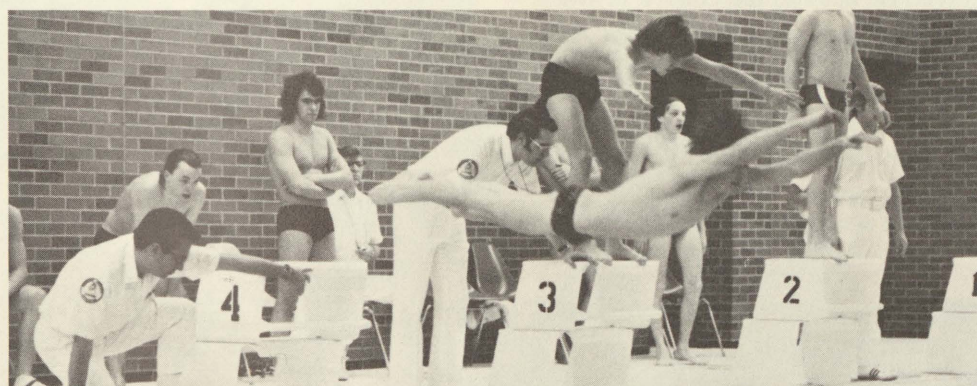

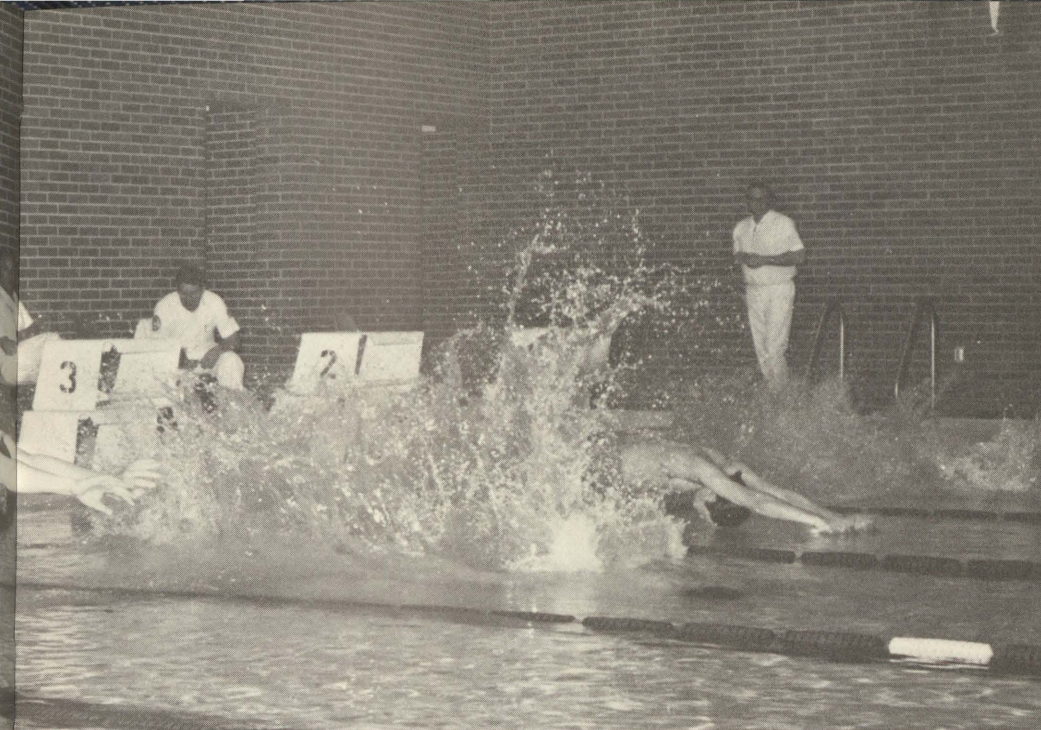

Eisenhower Swimmers Make Waves

The Eisenhower swim team, coached by Rick Decker, did a splashing job of drowning the opposing teams, this year, including Bay City Hand, Midland High, and John Glenn. The season's overall record was 13 wins and 2 losses. Special thanks go to Dan Evan, Roy Baldwin, Dave Breithaupt and Carter Pullman for their outstanding performances.

Commander Wrestling Brings New Challenge

This year's varsity wrestling team proved that a second year team can progress greatly over the first year. They came in fifth in the W.P.C. and also ended up with a 6-10-1 season record. This was all made possible with the help of Dennis Lawrence who was named the team's most dependable player. He was also the County as well as the Conference champ. Jerry Akers also helped, being named the team's most improved player. Coach VonDrasek said that this year's team has the first real outlook of a good future and is looking forward to it.

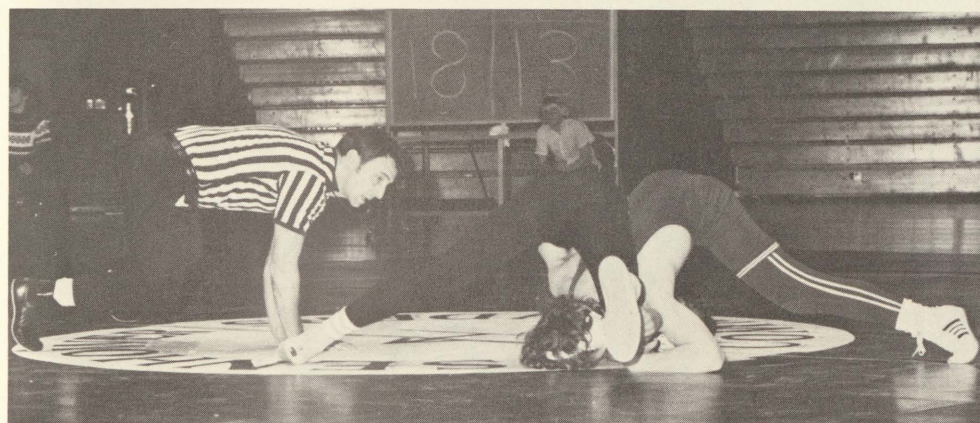

The J.V. team came up this year with a win of 6 and a loss of 7. They came in fourth in the W.P.C. Coach VonDrasek said they were a hard working team with much desire to learn the sport.

Lack of Snow Hinders New Sport

A new and popular sport was added to IKE's competitive list this winter. There was a tremendous turn-out for IKE's first ski team. Coached by Walt Nagel, the team went up against several teams throughout the season. The weather played an important part in the 10 short weeks of practice. Both the boys and girls took awards against St. Pete's bringing home a win. A gloomy loss against Mac-Arthur disappointed the team, but all in all ski team proved successful. The students are looking forward to next year's season but with hope of more snow.

Girls Gain Experience

This was the second year for IKE's girls' basketball Varsity and Junior Varsity teams. Both teams practiced every night after school.

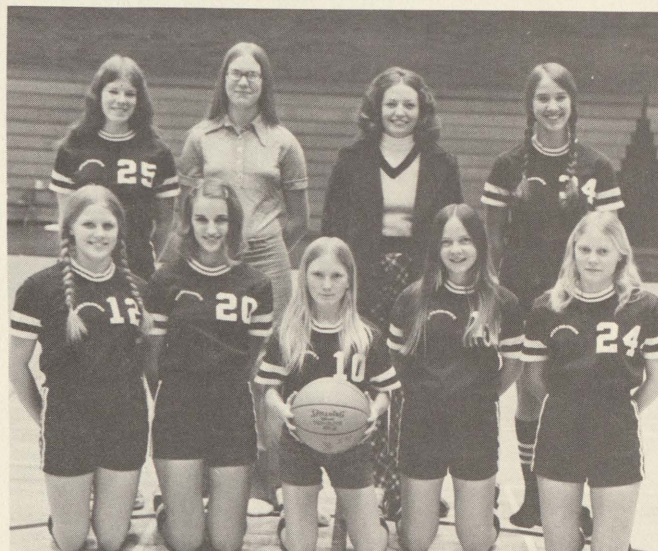

Varsity started their season out slowly but showed its strongest assets in the improved playing of Polly Fisk and Cindy Ponichtera.

Captain Janelle Pohlman a capable center, made her season short with a broken arm just before the first victory against Arthur Hill. Janet Armstrong came forth to do the job at center for the rest of the season. For the remainder of the season the team incurred cracked nose until they triumphed over Mt. Pleasant and Arthur Hill ending the season 3 and 9. Most improved player was Sharon Weiss who helped win the Mt. Pleasant game with her extra 3 points.

The Junior Varsity put forth great efforts improving with every game. Although their games were close they never experienced a victory.

Zena Houlihan, the best J.V. ball handler at a lofty 4'9", was many times the inspiration for the team.

The teams thoroughly enjoyed representing IKE and look forward to a good season in '73.

In the Swim

IKE'S first girls' swimming team was coached by Miss Spaulding with strenuous practice every night after school. The season lasted for eight weeks ending with a satisfying record of 2-6.

The team captains, Luanne Pieschke and Janet Armstrong also served as the divers. Marie Kushmaul was selected best free style swimmer. Sue Wendland showed her skill as most versatile swimmer.

With experience behind them, the girls look forward to next year and new challenges.

Baseball Teams Victorious

The varsity baseball team, coached by Mr. Lou Dulac won 12 games and lost 6. Special thanks go to Matt Peterson, Paul Horwath, and Dave Havercroft for their outstanding contributions.

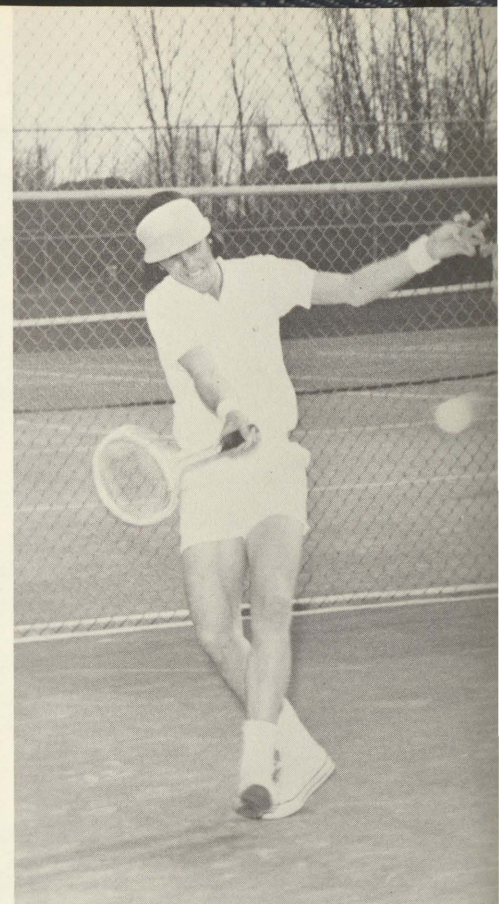

The Freshman baseball team, coached by John Muslin did a good job this season with 6 wins and 0 losses. Special thanks go to Dave Olson, Bronc Glick, and Jeff Plank for their outstanding contributions.

The '73 Junior Varsity team did a good job with 11 wins and 2 losses. The coach, Mr. Vito Tutera, would like to thank Dave Boers, Mike LeBlanc, Mike Kocks, and Tom Luth for their exceptional playing.

Tennis Team Takes 3rd in W.P.C.

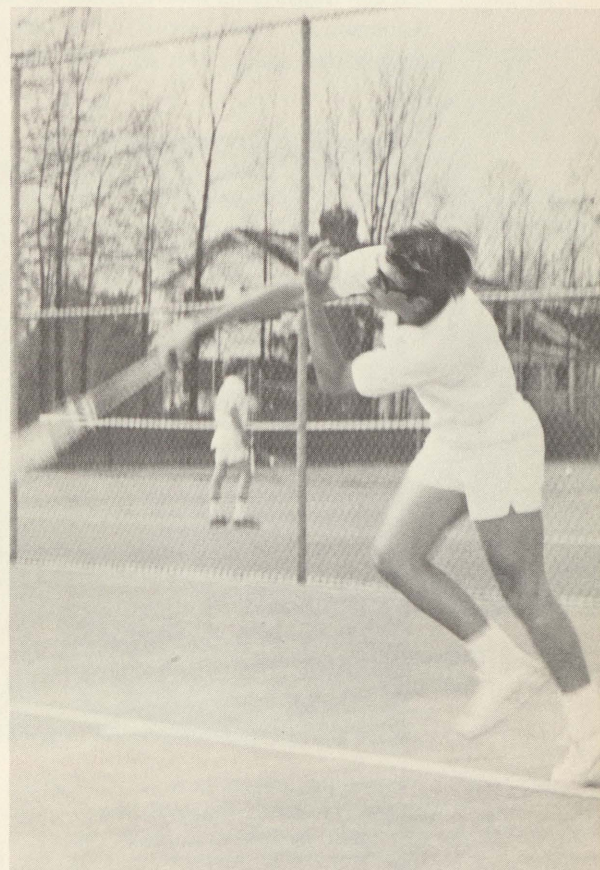

This is the first year for the Eisenhower Tennis Teams to have their own courts. Also this is the first year to have three teams, Varsity, Junior Varsity, and Freshmen. The Varsity Tennis Team had a record of 9 wins and 7 losses. They placed 3rd in W.P.C. The team voted Dan Himmelspace as their captain and as most valuable player, they also voted Mike Sletten as most improved player.

The Eisenhower J.V. Tennis Team, coached by Mr. Bill Stocker had the best record for tennis this year, their record was 8 wins and 2 losses. The best individual one-loss record was taken by Tony Olivarez and Rick Schultz.

The Freshmen Tennis Team had a record of 3 wins and 4 losses. They were coached by Mr. Andy Goldstein, who feels they improved as the year went on.

Two New Records Set in Track

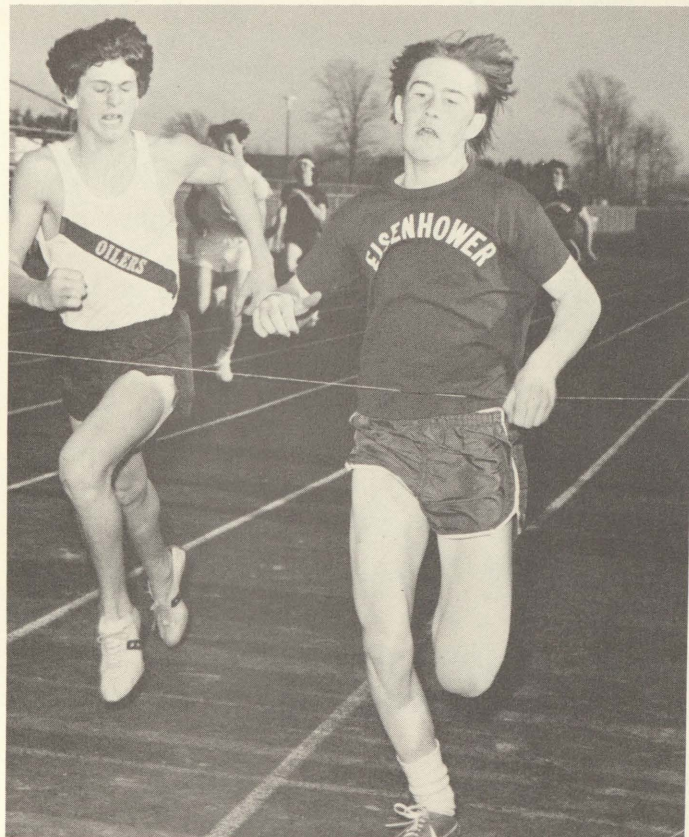

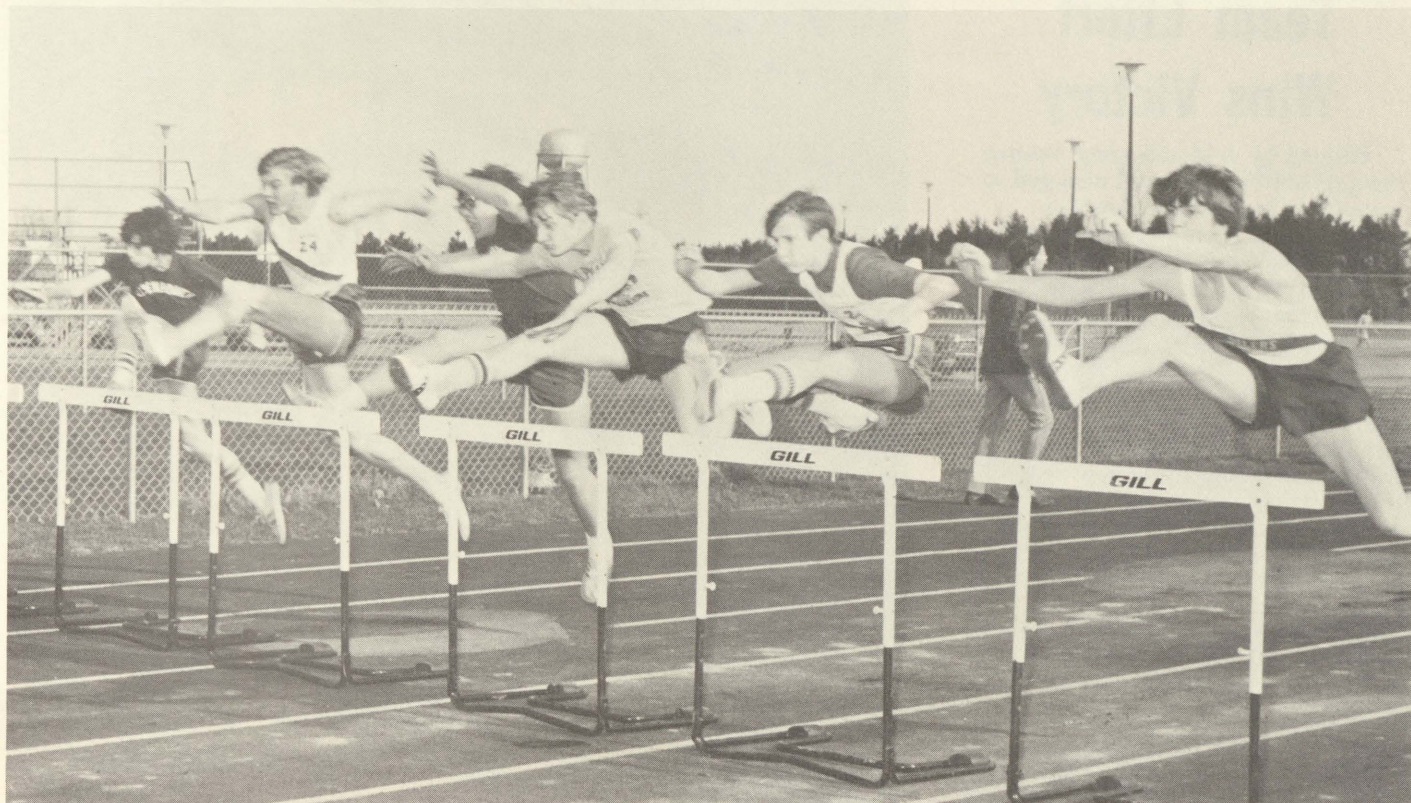

IKE's track team had a rather disappointing season, their record being only 2 wins which were over Clio and Buena Vista and 5 losses.

They did, however, do well in the White Pine Conference Meet with two conference records being set. Bill Singer set a new time for the mile and Ross Anderson set a new record in the high jump. The team placed fourth over all in the meet.

Team Effort Wins Victory

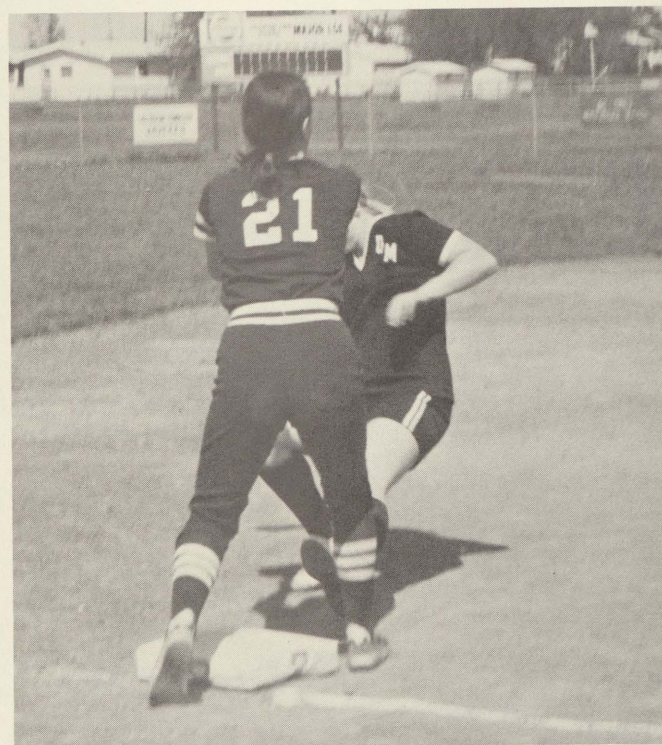

Plagued by cold and rainy weather the girls' softball team still managed to compile an impressive record for spring season. There were many close games losing by one run.

The heavy hitters were Cindy Ponichtera, Lee Ann Smith, Debbie Sanders, and Vicki Crinzi. Many games were won with the help of the daring base runners, Vicki Crinzi, Karen Johnson, Polly Fisk, Cindy Ponichtera, and Lee Ann Smith. Managers Debbie Keysor and Shelly Vacik kept everyone working together. The season ended with a satisfying record of 4 wins and 5 losses.

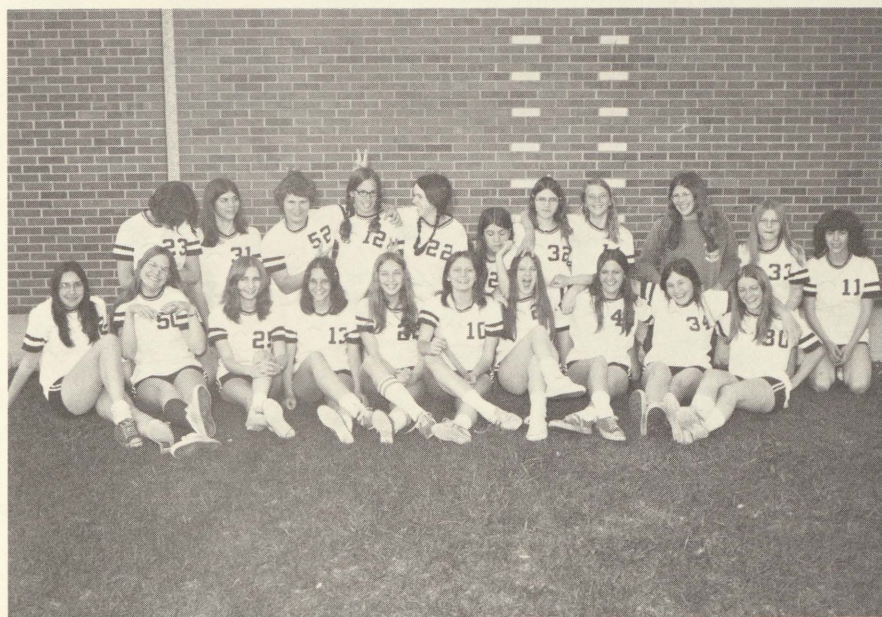

Team effort was often demonstrated; If one member let down, another would pick her up! The best victory, besides the two over Mac Arthur, was over Bridgeport 13-12 in the bitter cold rain and hail which was won by daring and alert base running.

Girls' Track Big Success

Eisenhower girls showed a strong interest in "IKE'S" second year track team. The team consisted of mostly underclassmen which will be an advantage for next year. The enthusiastic team of girls ended the spring season with a 5-1 record. Their record showed the strength in strong sprinting. They hope to gain distant runners next year to make up for their weakness in this area. IKE'S team attended regionals where three girls placed: Sari Johnson, a first in the 80 yd. hurdles; Joanne Singer, first in the mile and Jean Luoma, first in the shot put. All of these girls qualified, then, for state. When meeting their tougher competition at State Finals, Sari Johnson placed third and Jean Luoma placed fourth in their respective events. The strength and enthusiasm of IKE'S girls' track team will be returning next year with another good showing for Eisenhower.

Seniors

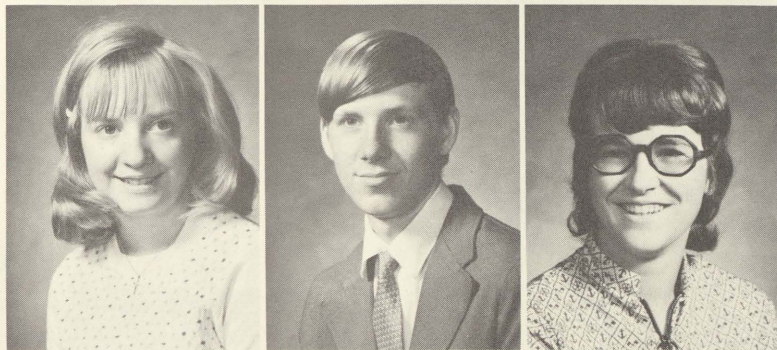

Being Seniors and the first graduating class proved to be both a responsibility and an exciting year for everyone. There were a lot of decisions to be made considering such things as traditions and caps and gowns. Beginning with a weak treasury made the class realize they had a big job ahead of them, to earn money for Senior trip, party, and Senior gift. To achieve this goal they sponsored weekly bake sales, dances, a candy sale, a card party, a soap sale, and a swimming and basketball marathon. Through the participation and cooperation of all the class members their last year at Eisenhower was completed with a feeling of unity among them.

Seniors Enjoy Last Dance

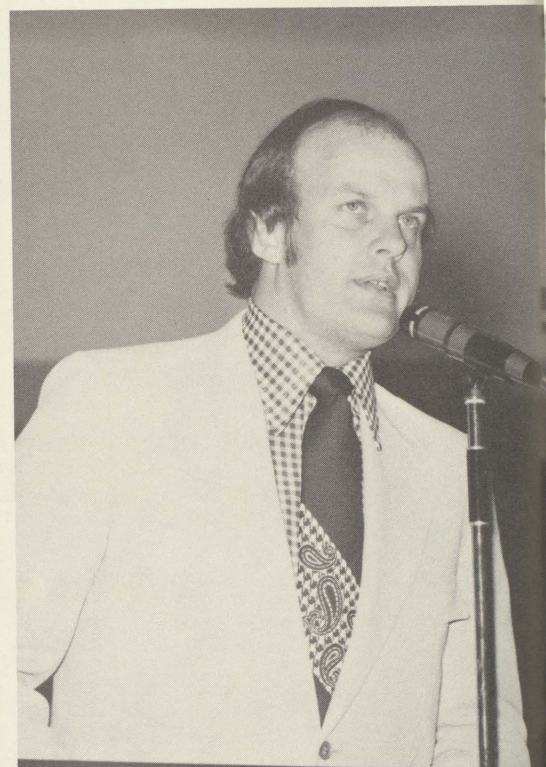

The long awaited dream finally became a reality on May 19, 1973 as the first graduating class of Eisenhower High School experienced and delighted in the first Senior Prom ever presented. Theme "Colour My World" was accented by draped and spiraled crepe paper, soft colored lights, flickering candles, and a bubbling fountain in the Student Center. From 9:00 until 1:00, "Chameleon" provided music to dance or relax to. The Junior Class provided an enjoyable evening and an unforgettable memory for the 112 couples that attended.

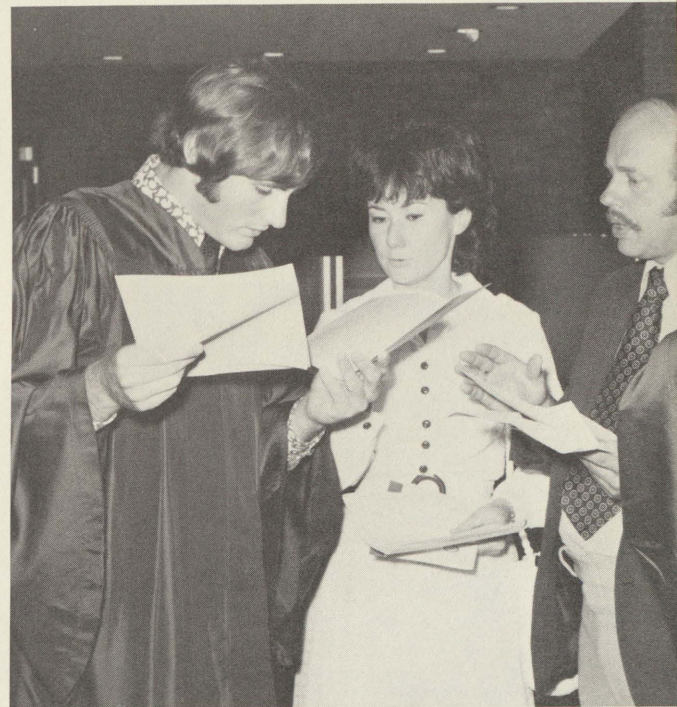

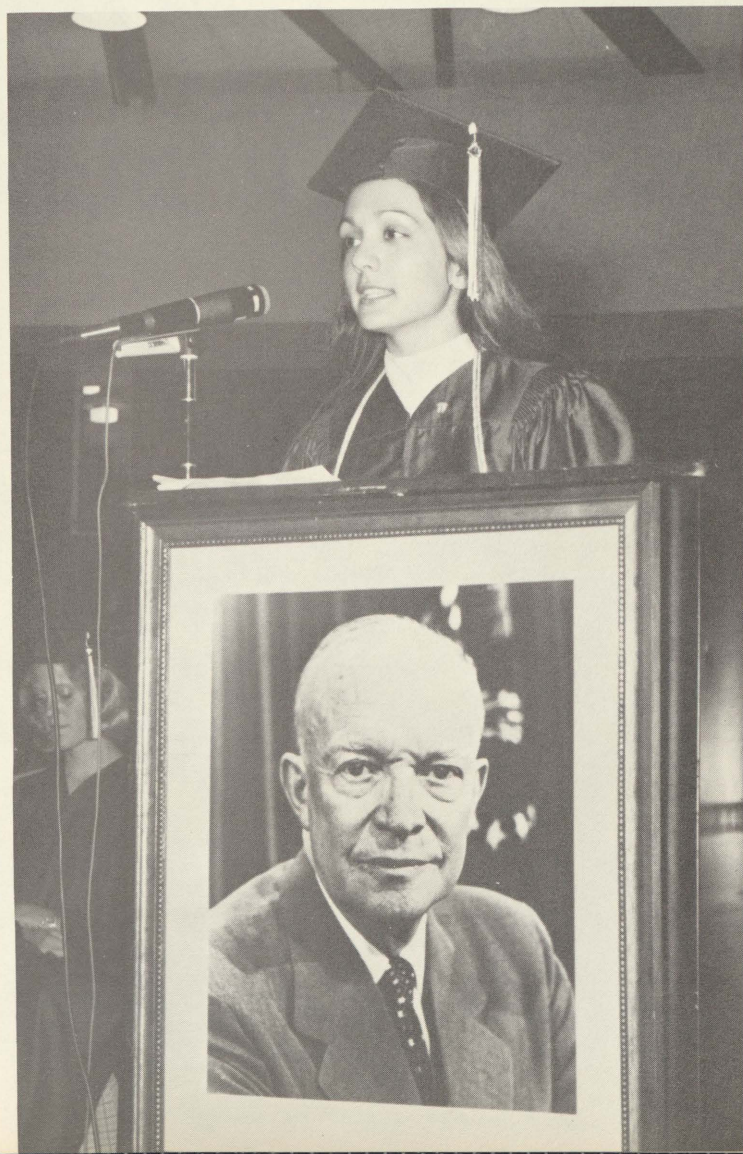

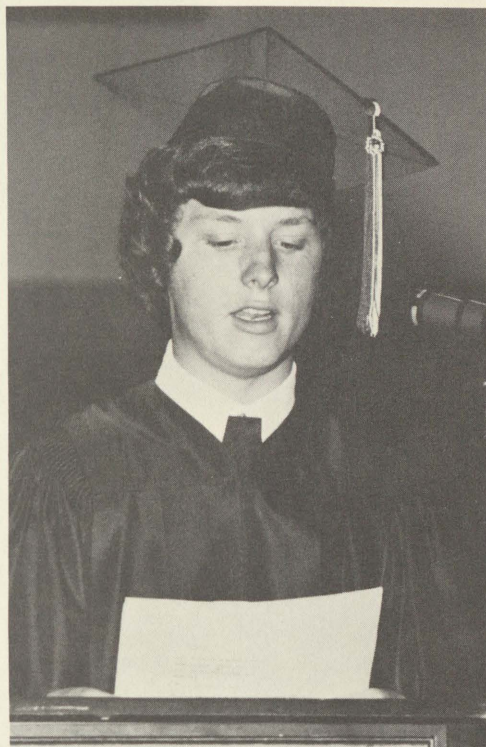

The End of The Beginning

The end of the beginning for the first graduating class of Eisenhower High School, arrived on Sunday, June 3, 1973. Commencement exercises were held at 2:00 in the afternoon in the gymnasium. As Eisenhower says good-bye to its first graduating class, they leave with happy memories and dreams for the future.

School Honors Seniors

On their last day of school, May 30, an assembly was held in honor of all the graduating seniors. Honors included Top Twenty, scholarships, grants, and special recognitions. Humor was added with prophecies, class wills and mock elections. There were a combination of smiles and tears as Steve Corbett and Lou Ann Keyser bid farewell to the school for the Senior Class.

Above Right: Mark Strautnieks is honored for his work in Foreign Language. Above: Karin Lotz and Bill Zehnder read Senior wills and prophecies. Right: It's all behind them now!

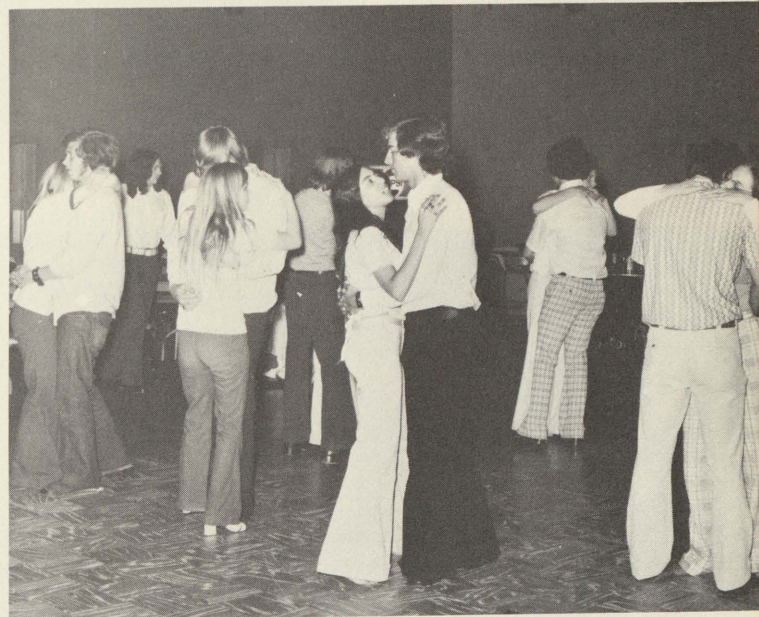

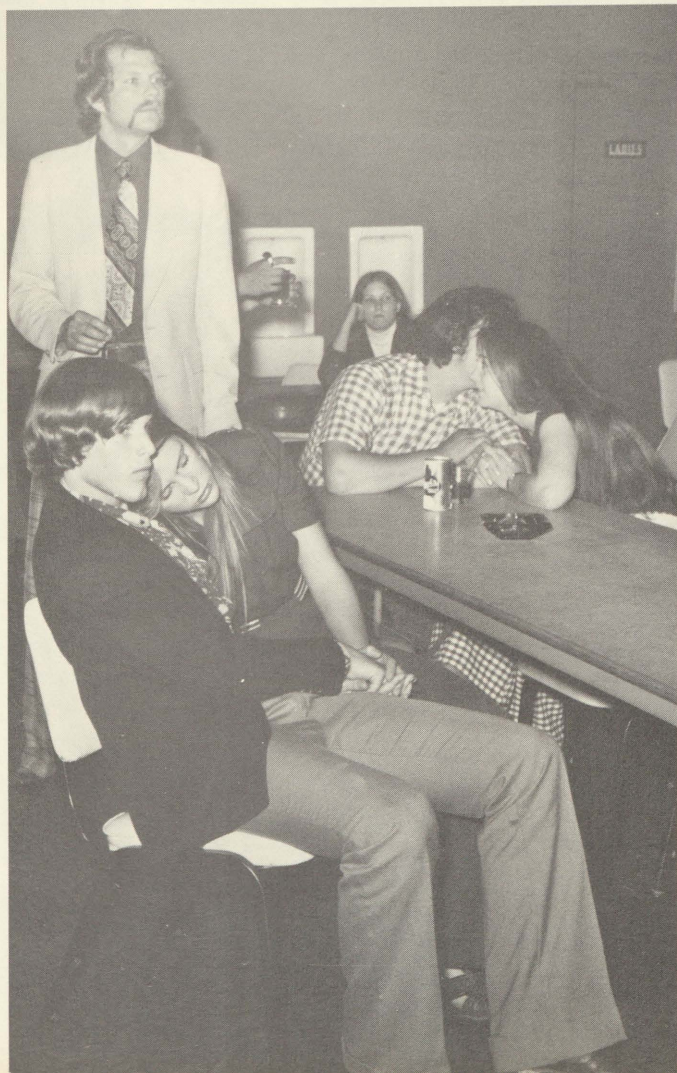

Senior Party Ends It All

Four Long years were brought to an end with much festive celebrating at Senior Party. The Senior class gathered at the Candelite Inn in Bridgeport to relax, talk, and dance to the music of Dog Breheh and Hosannah. The party, which was totally paid for by the Senior Class, lasted from 9:00 until 2:00 with all the refreshments provided. June 3 was a busy and exciting day for all the Seniors and it ended with everyone together at Senior Party.

Cedar Point, in Sandusky, Ohio, was the setting for the Senior Trip which took place on May 31. The Seniors were off to an early start and came back late that night, but all the fun on the rides and in the park made up for all the tiredness.

Far Above: "Cheers to the class of '73!" Left: There's always time for a quiet moment at any party. Above: This group demonstrates that everybody's always willing to dance slow.

Juniors

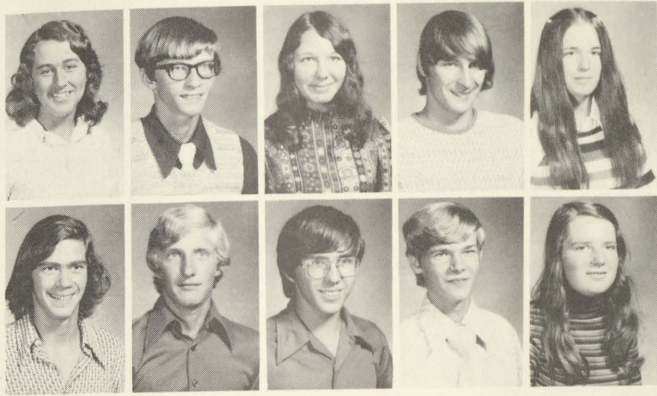

In Preparation for financing the first Senior Prom, the Junior Class Council, made demanding objectives for fund raising projects. Throughout the year the class had bake sales every other Wednesday. The Council had a successful candy cane sale, selling approximately 3,156 before Christmas vacation, and sponsored a dance in February. The Juniors are looking forward to a busy and successful Senior year!

Sophomores

The sophomore class sponsored many profitable activities during the 1972-73 school year. The class of '75 started out the year by selling candy bars. One of their more lucrative undertakings was a dance for Eisenhower and MacArthur students after a home basketball game. Together with bake sales and other projects, their class treasury approached a thousand dollars. Sophomores also showed tremendous school spirit; their support in pep assemblies and their involvement in school activities set a fine example for the other classes to follow.

Freshmen

Eisenhower High School is now complete. With the addition of this year's freshman class, IKE became a full-fledged four-year institution. Usually the freshmen are the underdogs—commonly thought of as shy, quiet, and confused. However, this year's freshman class didn't fit that stereotype. Their pep and enthusiasm contributed significantly to school spirit. They brought to IKE a new and exciting type of spirit. The frosh took part in clubs, government, and plays to prove their importance. The class council worked on bake sales and presented a dance to raise money for their future years.

Superintendents Oversee Activities at Eisenhower

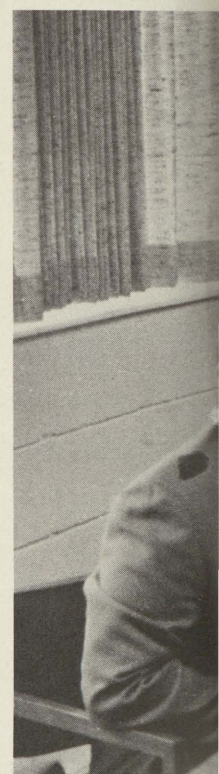

Fond memories provide us with many pleasant moments. No other book offers us such an opportunity as our school annual. It will become one of our most treasured items as time passes and its value to us increases.

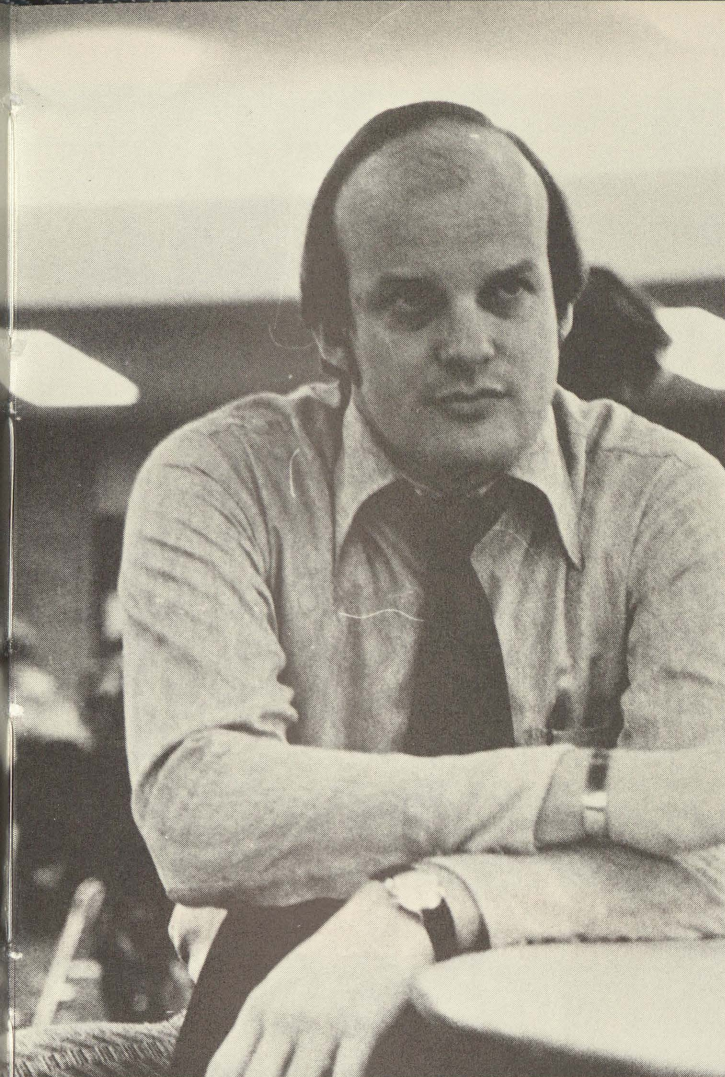

Congratulation to those of you who have worked and compiled this the second INTROSPECTUS.

Administrator's Position Is Never Easy

In a future age

As you review this page,

Know that in this time

Love! sweet love, was yours and mine.

Mr. Doane, Principal

As one reviews the past year at Eisenhower and tries to describe and evaluate the events that have taken place, I think the one word that best typifies this year would be maturation. The maturity that has taken place among individual students is quite evident and would be expected—as one grows older one usually puts away childish things and accepts adult responsibilities. Events that have marked and contributed toward this maturity have been a number of firsts for Eisenhower. This was the year of the first senior and graduating class, and first White Pine Conference Championship (cross country), the Marching Commanders, dramatic's production "Charlie Brown", the Student Forum's "Imagine", the continued success of the Debate and Forensics groups, and on and on.

Events like these tend to mold a school into a mature and cohesive unit that it has to be if it expects to educate the total student. Best of luck to these graduating seniors—the first for Eisenhower High School.

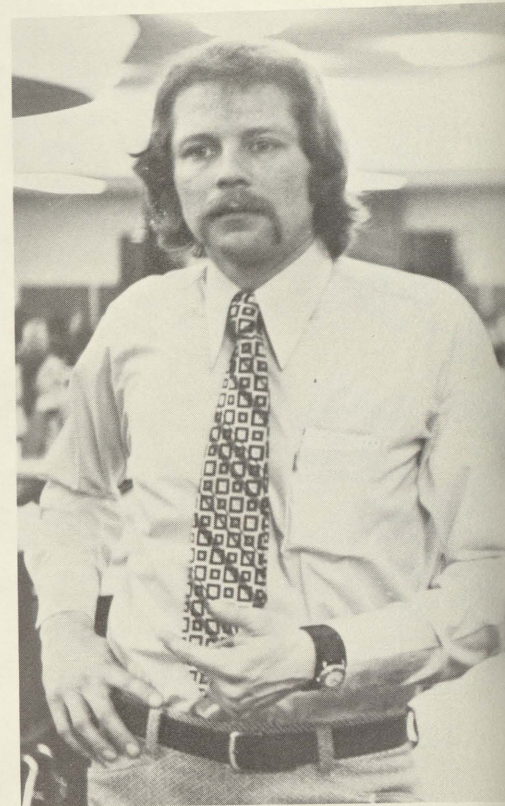

Mr. Marvin, Assistant Principal

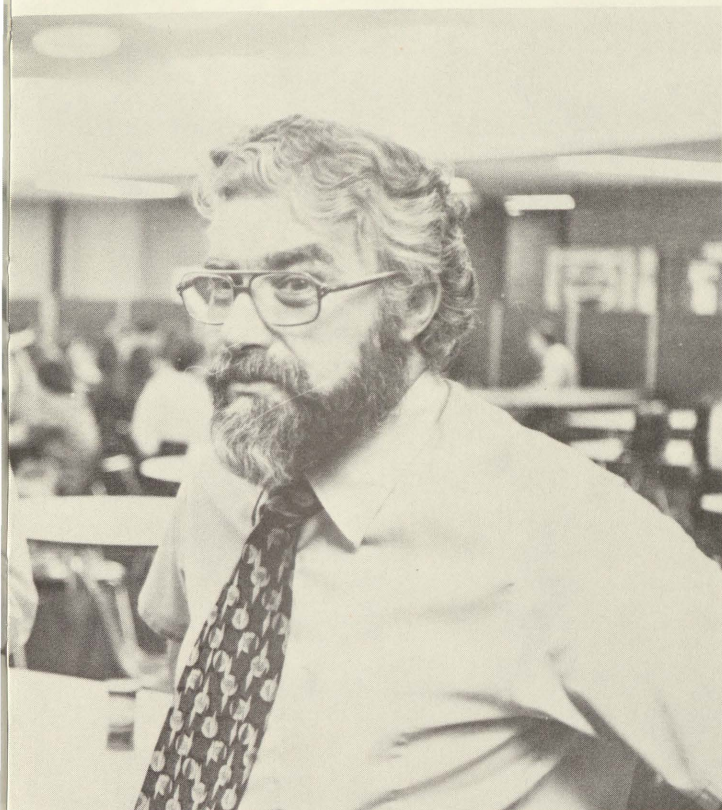

Above: Left to Right: Mr. Marvin and Mr. Doane observe Student Center activities.

New Position Added to Staff

A new position introduced to Eisenhower is the "Associate Principals". Their purpose is to help with administrative problems. With the student body and staff being divided into four separate family units, each of the administrators handles the responsibilities of his own unit. Those responsibilities include attendance, guidance, decision making, and assisting each student in his family unit.

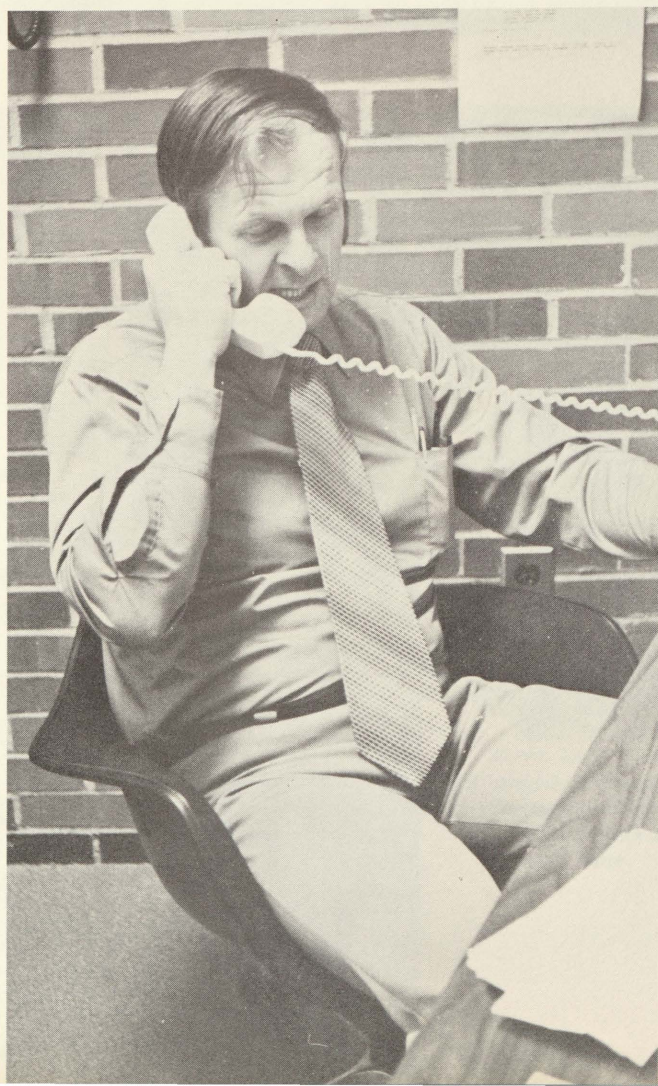

Above: Mr. Wells explains the procedures to a new student. Top L. to R.: Mr. Larsen and Mr. Spaulding keep their eyes open to prevent trouble.

When Counselors Appear Troubles Vanish

Counselors are working even harder this year than last year, because of the increase in students. IKE's new students keep the counselors on the go. And the time spent on schedule changing has increased. But this is not their only job. The counselors help students with their problems which usually fall under the categories of socially, academically and vocationally.

Above: Mr. Seeley and Mrs. Leavenworth share the Red area for their offices. Left: Mr. Mikolajczak, alias Mr. Mike, expresses his feelings over the phone.

Secretaries Keep Busy With Variety of Jobs

One of the busiest jobs that can be found at Eisenhower is that of the secretary. We have been fortunate, though, in having four very fine ladies take that position.

In the main office the secretaries keep busy with such jobs as bookkeeping, business and preparing the payroll. But Mrs. Frey finds her load at times, not exactly light; she does the secretarial work for the counselors.

Above: Secretaries make the school go round. Left to Right: Mrs. Zurbrigg, Mrs. Wayman, and Mrs. Fleener. Right: Mrs. Frey keeps busy as the secretary for the counselors.

Housekeeping at IKE Not an Easy Task

Eisenhower High School is a hubbub of students and faculty, coming, going, always in a hurry. This constant activity is apparent from the time school begins to the time school ends. Less conspicuous but of equal importance, however, are the busy cooks and custodians. Long before the breakfast hour is over, the cooks are occupied in the kitchen preparing lunch. If you think cooking for 6 or 8 is difficult, try preparing a meal for a thousand or more. The custodians lead an equally hectic existence. When our school day is done, the custodian's day has just begun. Did you say you don't like to clean your room? How about the Student Center?

Above Left: A few of Eisenhower's hard working cooks gather together for the photographer. Above: IKE's custodians work 24 hours a day to keep our school neat and clean.

Aids Help IKE Run Smoothly

One of the hardest and most unnoticed jobs at Eisenhower is the job of the teachers' aids. They work hard all day long at the thankless job of typing and running off dittos, keeping attendance, and doing all the "dirty work" that is involved in preparing for a class lesson. From their behind-the-scenes spot, they help keep things running smoothly.

Right: Mrs. Rupp: Green area, Mrs. Richter: Electives area, Mrs. Shapleigh: Gold area. Bottom Right: Mrs. Bortle: Attendance, Mrs. Mathis: Red area, Chris Beuthin: A.V. center.

Below Left: Miss Ludgin takes time out of her busy day to answer the telephone. Far Below: Mrs. Rohn and Mrs. Davidson spend many hours stacking shelves.

Library Obtains New Equipment

The Eisenhower Resource Center has been fortunate in obtaining one thousand new volumes, and is expecting more throughout the year. The Ski Club and the Saginaw Bay Power Squadron Auxiliary are two fine clubs which donated books to our Resource Center.

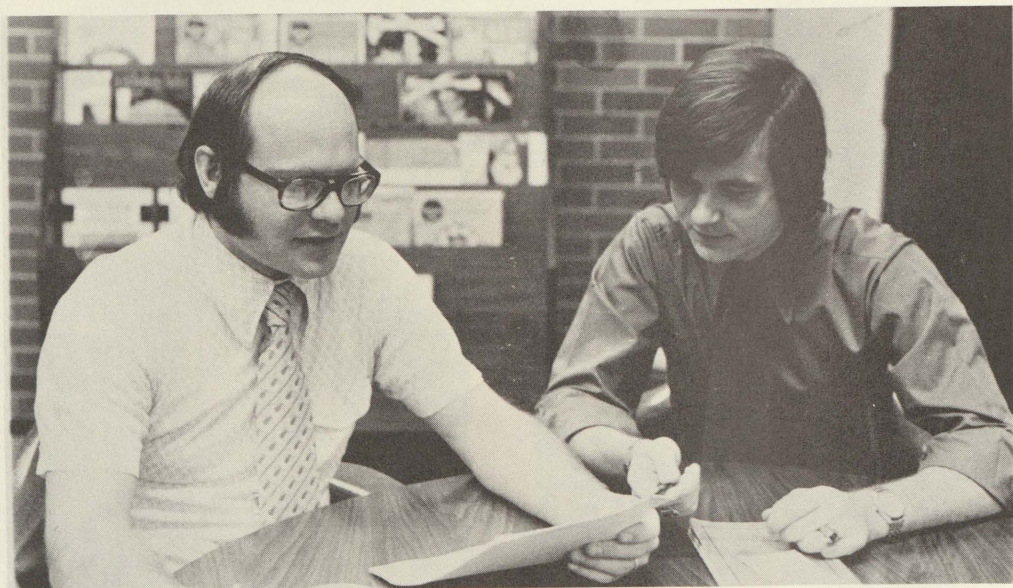

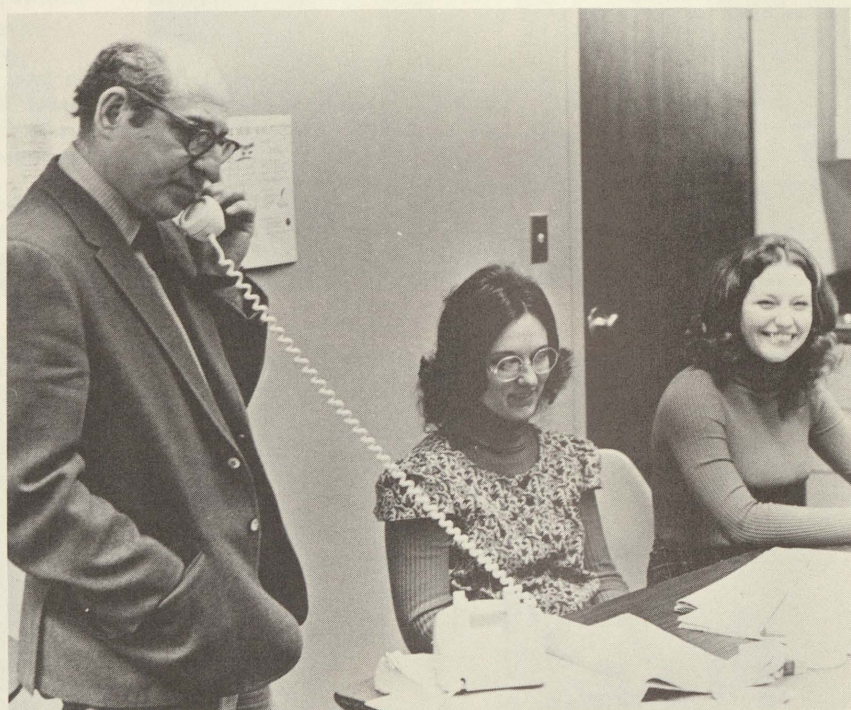

This year Eisenhower's students were introduced to the use of micro film. This contains films of magazine articles; one of many study aids available to students.

Social Studies In Full Swing

The 1972-73 school year saw the Social Studies Department active and involved in numerous activities. With the presidential campaign in full swing, the gold area established major party headquarters and held a mock election to see how IKE students felt about the issues and the candidates. In addition to this, Social Studies continued to offer a large variety of classes including Ancient Civilization, Civil War and Modern Man. A new class, You and the Law, provided practical experiences for interested students involving various community organizations and proved to be one of the most popular offerings. The Social Studies department, headed by Mr. Douglas, added variety and excitement to Eisenhower's curriculum.

Below; L. to R.: Mr. Winiecke, Introduction to American Government, Political Parties; Mrs. Brown, Social Studies I, Michigan; Mr. Wenzel, U.S. History I and II, North and South Africa; Mr. Douglas, Consumers Economics, Comparative Religion.

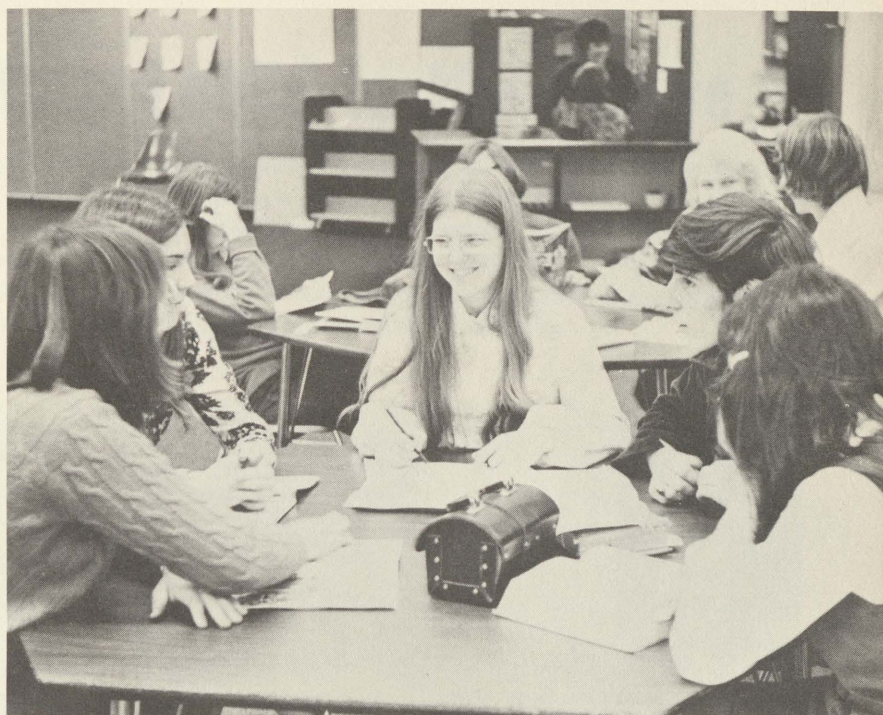

Variety of Courses Add Interest to English Area

To start the year's activities the English department sponsored a trip to Stratford, Ontario. There they attended the Shakespeare festival and the production of "As You Like It." Other field trips were taken by the newspaper class to a workshop at Michigan State. Television for the Consumer took two field trips, one to WNEM TV 5 and the other to Channel 19 Delta College. Popular new courses included Reading for Pleasure and How to Succeed in College Without Really Trying. The department, chaired by Mr. Rosson, included 12 people and offered over 40 courses throughout the year.

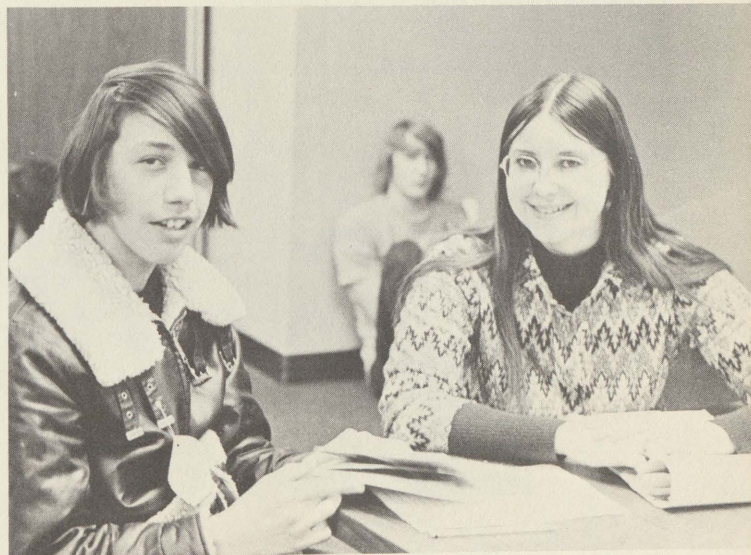

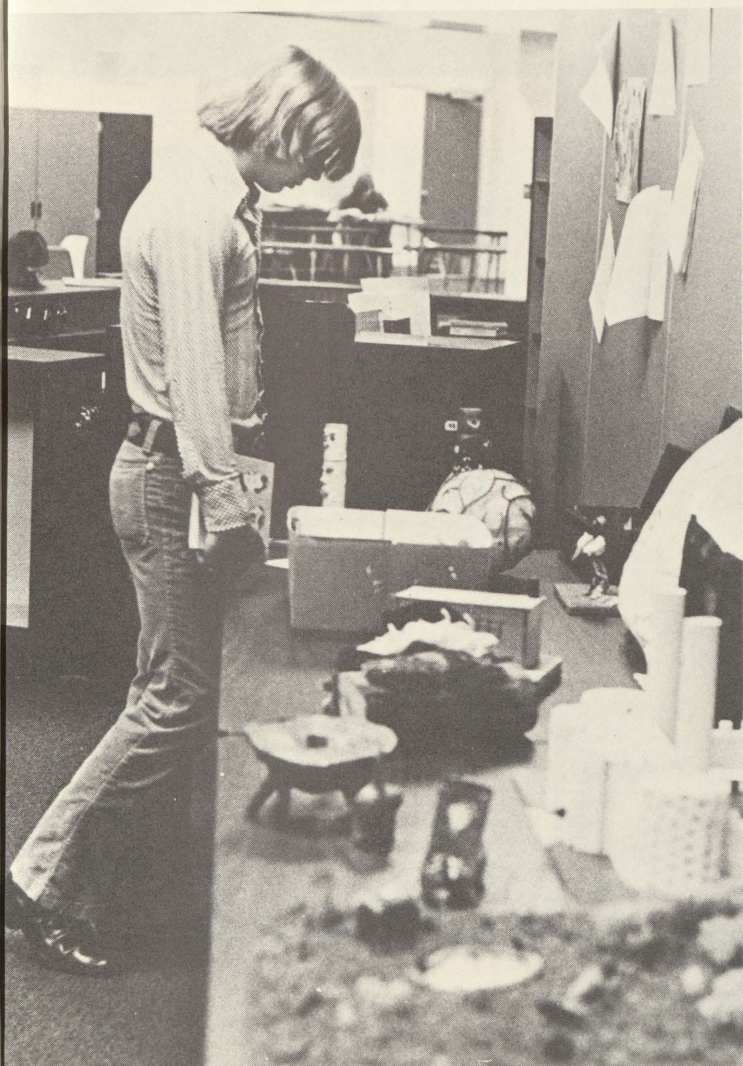

Bottom Row, L. to R.: Miss Clements, Novel and Science Fiction; Mrs. Dancik, Russian Literature and Reading for Pleasure; Mrs. Boomer, Edgar Allan Poe and 19th Century American Literature; Miss Spaulding, Television for the Consumer and Photography; Mrs. Brandon, Speech I and Debate; Miss Sowle, Speech I and Drama I and II. Math Looks to the Future

The 1972-73 school year saw the Math department busily planning for the future. A computer and statistics problems course was considered as was a shortened slide rule class (reduced from 10 weeks to 5 weeks). A total of 24 courses were offered in 1972-73 including a 10 week logic course and a metric course. Many of the classes moved into the independent study approach and it seems as though more courses will move in that direction in the future.

Above Left: Mr. Swartzendruber explains a problem to his class with the help of the overhead. Left: L. to R.: Mrs. Ott, Modern Algebra and Plane Geometry; Mrs. Dunlap, Integrated Geometry and Slide Rule; Mrs. Harris, Trigonometry and Algebra I. Above: Mr. Morgan, Pre-Calculus and Algebra II; Mr. Decker, Algebra II—Trig and Advanced Geometry; Mr. Swartzendruber, Algebra II Terminal and Plane Geometry.

Project Filled Year

The Science year started off with many projects. One of the main ones was some students writing letters, once a week, to a Michigan dignitary about ecology problems. Other projects included studying fossils and plant responses and seed germination experiments. Mr. Stocker's second and third hour I.P.S. classes had an impromptu debate about that one and only topic, the U.S. space exploration program. The debates proved to be most interesting. Biology had their regular session with dissecting their frogs. Field trips included a trip to the Delta College Planetarium to see a program about the origin of the Christman Star.

Study Focuses on Language and Culture

To expand the mind of each individual the foreign language classes study the country and its customs in addition to learning to speak the language. Students also listen to the country's music which adds enjoyment to the class. Third and fourth year students work on an independent study program. This year the Conlin Travel Bureau of Ann Arbor sponsored trips to England, France, Spain and Germany for any student who wished to go. Among the chaperones who accompanied the students were Mr. and Mrs. Minard, Mr. and Mrs. Buller, and Mrs. Rozyla.

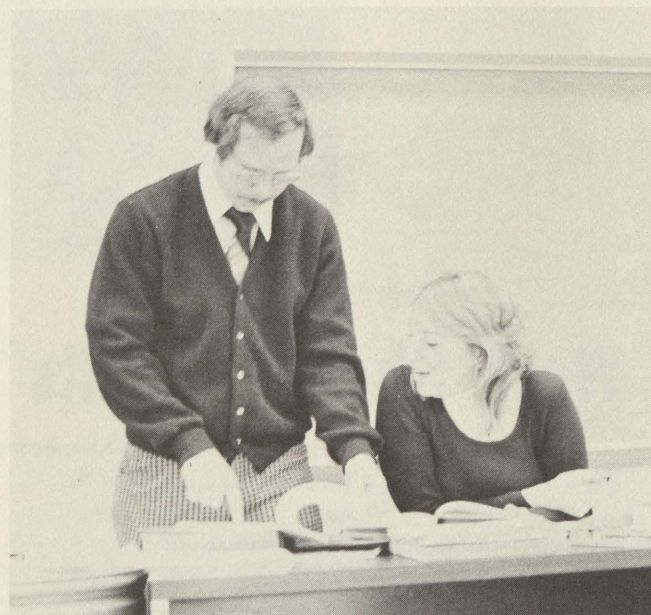

Above: Mrs. Minard, Spanish. Above Right: Mrs. Rozyla, French, Latin. Right: Mrs. Buller, German, Composition.

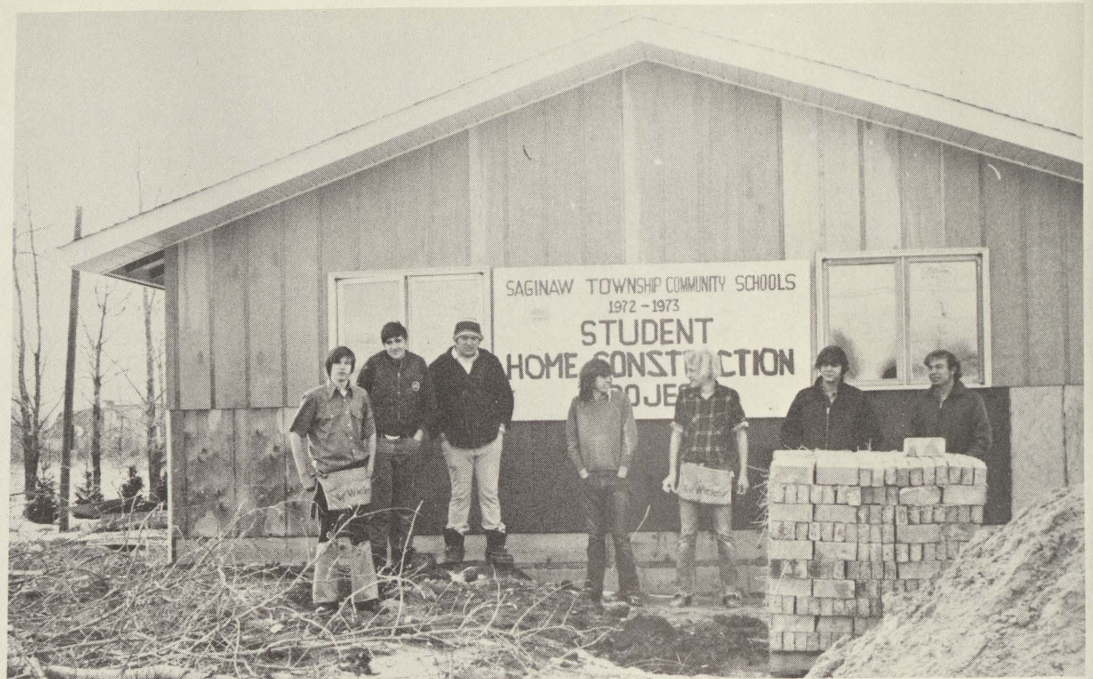

Left: L. to R.: Mrs. Wilson, Shorthand, Two Hour Secretarial Block; Mrs. Peterson, Typing I, Two Hour Clerical Block. Below Left: Mr. Dalek, Retailing, Recordkeeping; Mr. Fenton, Accounting, Supervision. Below: Mr. Boswell, Retailing, Distributive Co-op; Miss Socha, Typing II, Notehand.

Variety Depicts Business Area

There is something for everyone in the Business Department. It gives classroom instruction correlating to the need of a particular job. Besides vocational classes there are classes for your own use such as Personal Typing and Notehand. This year a Co-op program was started. This program, only for seniors, lets students go to school for half the day and spend the other half at a job. Many of the students remain at these jobs after graduation and it becomes their career.

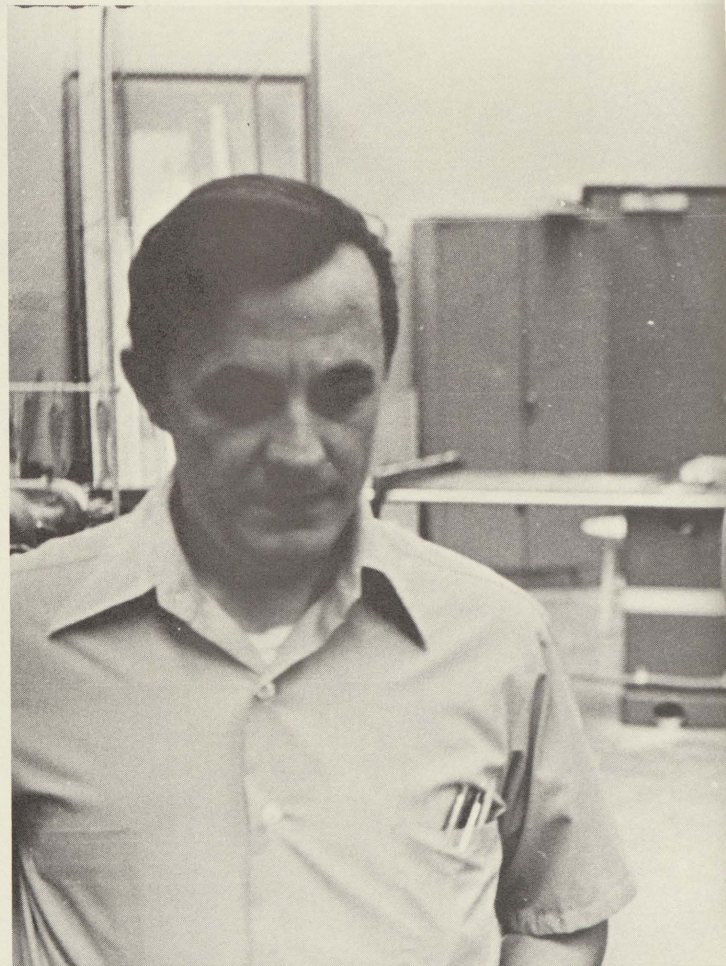

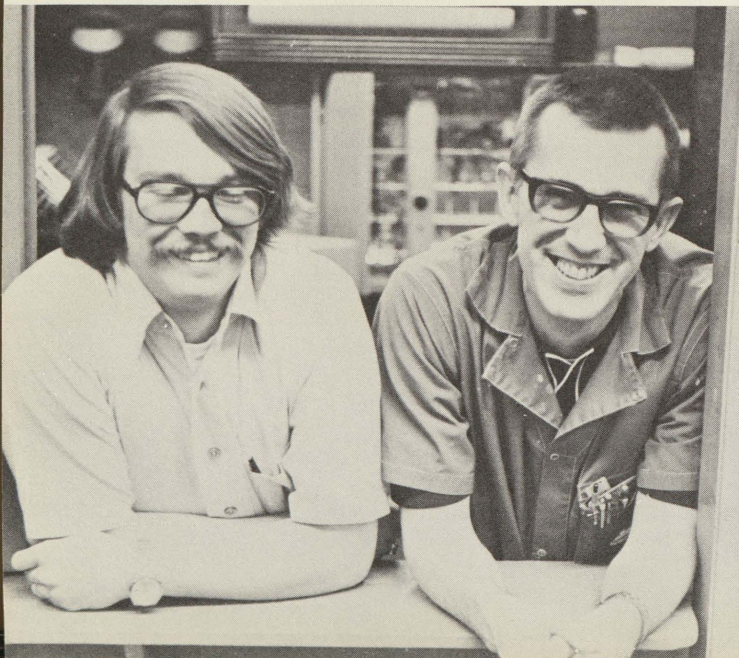

Work Shows Results

Building a home is a great responsibility and Eisenhower students along with MacArthur students are getting the chance to take that responsibility. The Saginaw Township Home Construction Project is giving the students on-the-job training and experience in building. The house is the first of many homes to be constructed and is to be decorated by an interior decorating class.

Along with this project the Eisenhower Industrial Arts Department has added a boat building course which is expected to be in full swing by the 1973-74 school year. All in all the year for the Industrial Arts Department was an active and energetic one.

Above: Mr. Friskie, Home Construction Co-ordinator. Below left: L. to R.: Mr. Easterling, Intro. to Wood, Cabinet Making; Mr. Martin, Architectural Drawing, Machine Drawing. Below: Mr. Mathias, Metal Crafts, Intro. to Drawing; Mr. King, Carpentry, Home Construction.

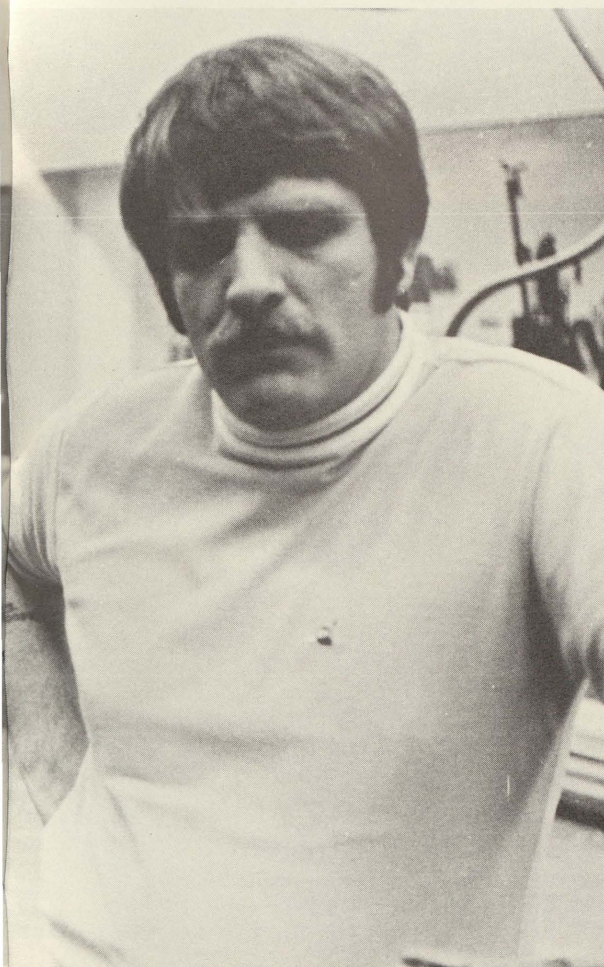

Home Arts Studied at IKE

The Home Economics department expanded by adding another teacher and changing the ten week courses. There are a variety of courses now offered such as Potpourri, Knit and Crochet and Sew Your Own I and II.

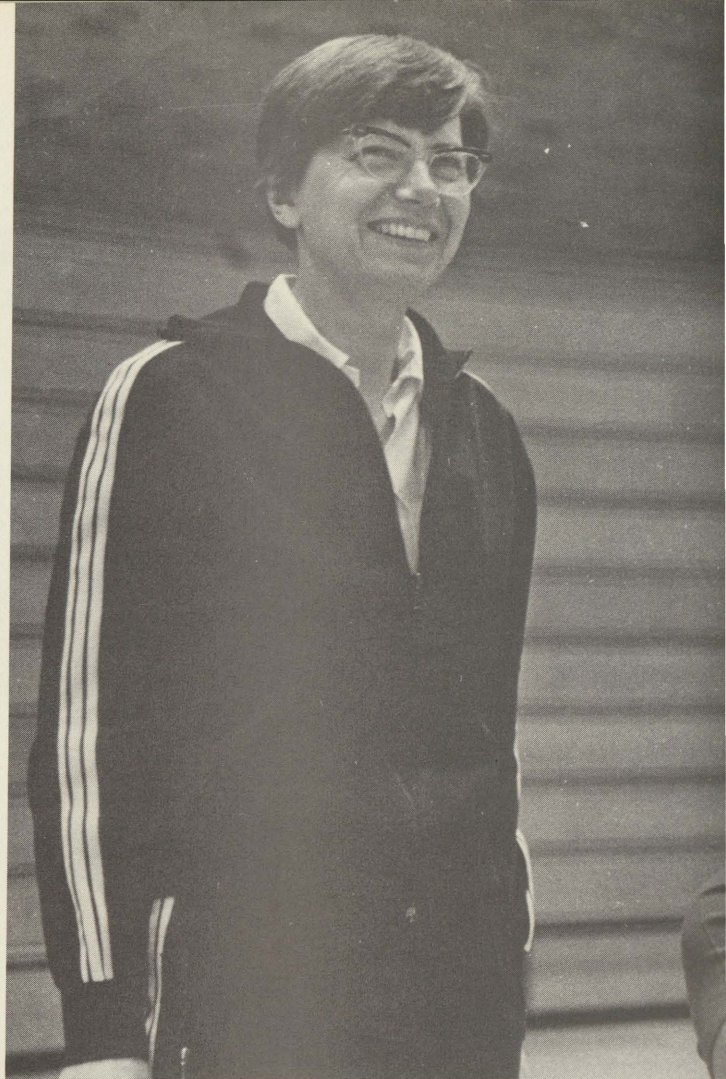

The Home Economics department gives the girls a chance to relax from the routine of school and prepare for the future by learning to cook, and sew, with an added course in child care.

Left; Mrs. Marr, Potpourri, Eat to Live. Below right: Mrs. Sloan, Sew Your Own, Knit and Crochet.

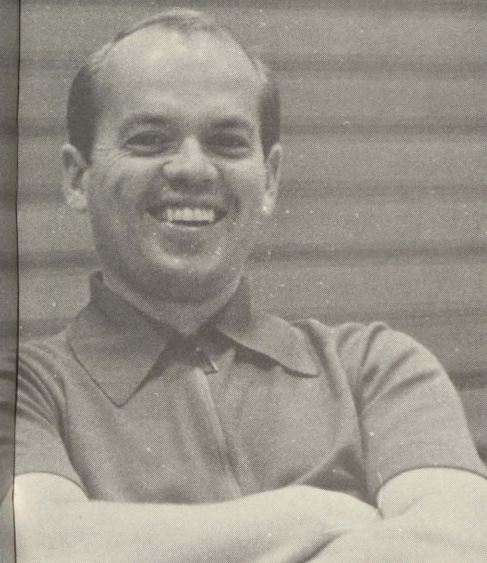

Art Is Evident Throughout School

Audio Visual, Art, and Music all require a certain amount of natural ability. Many of IKE'S students are involved in these departments. It takes not only ability but the willingness to work extra hours. All of these make a major contribution to our school's total program. Eisenhower has found that these three classes prove that there still are many students that do take their classes and talents seriously.

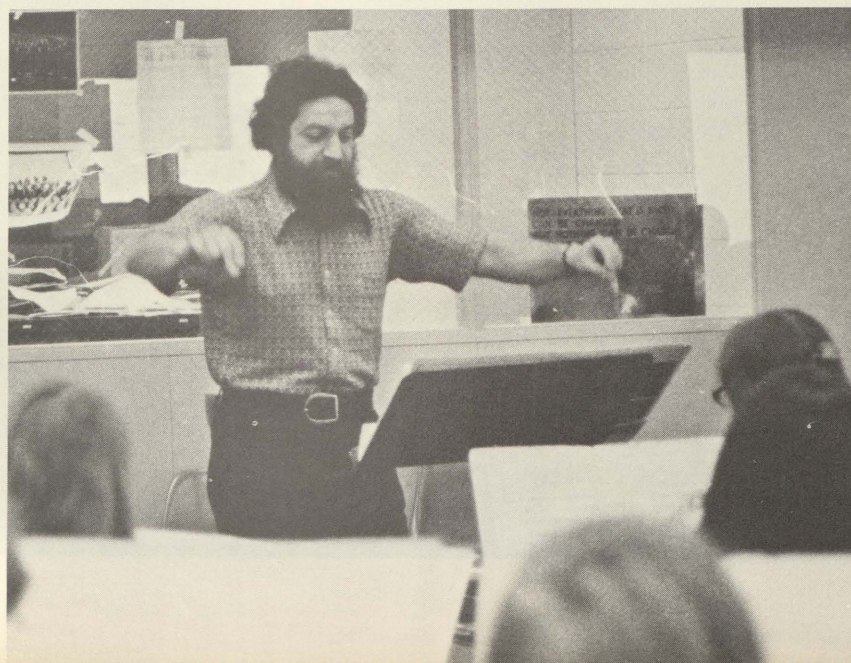

Something for Everyone

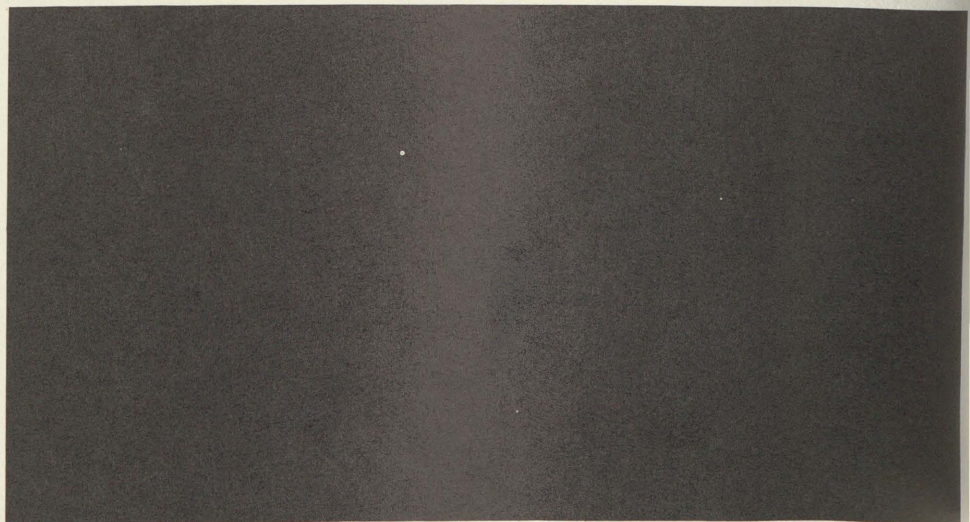

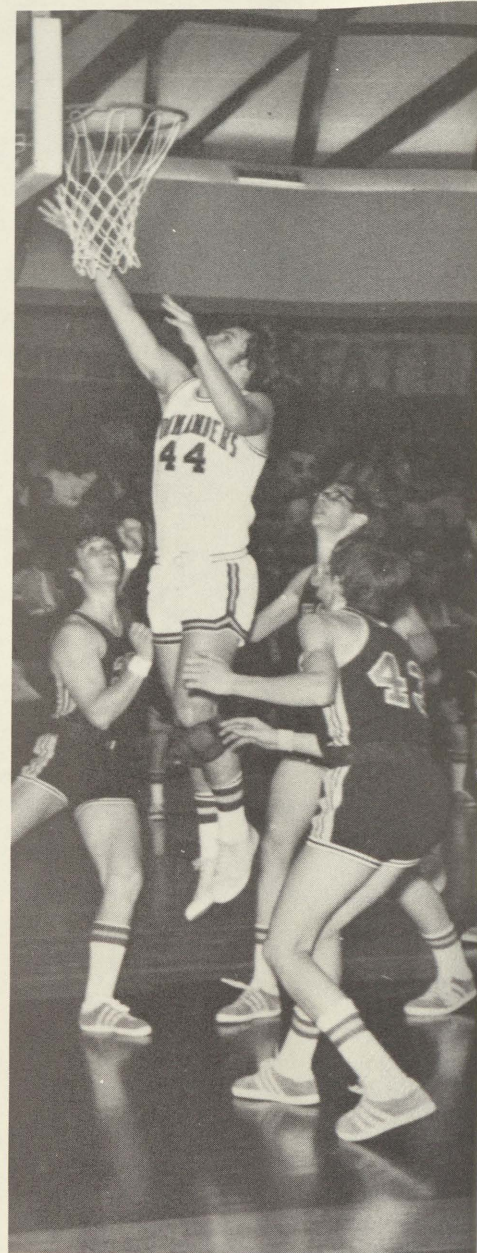

Today, more than ever before, we hear cries of "Keep Fit"! Eisenhower's physical education department tries to provide activities for IKE students which keep them in shape. Juniors and seniors participate in numerous activities in a co-educational class. Freshman may elect gym and sophomores are required to participate. Among the activities offered are archery, tennis, swimming, volley-ball, basketball, slimnastics, weight lifting, touch football, tumbling, and bowling. Mr. Matson, athletic director co-ordinates the various events and over-sees the department and all its equipment.

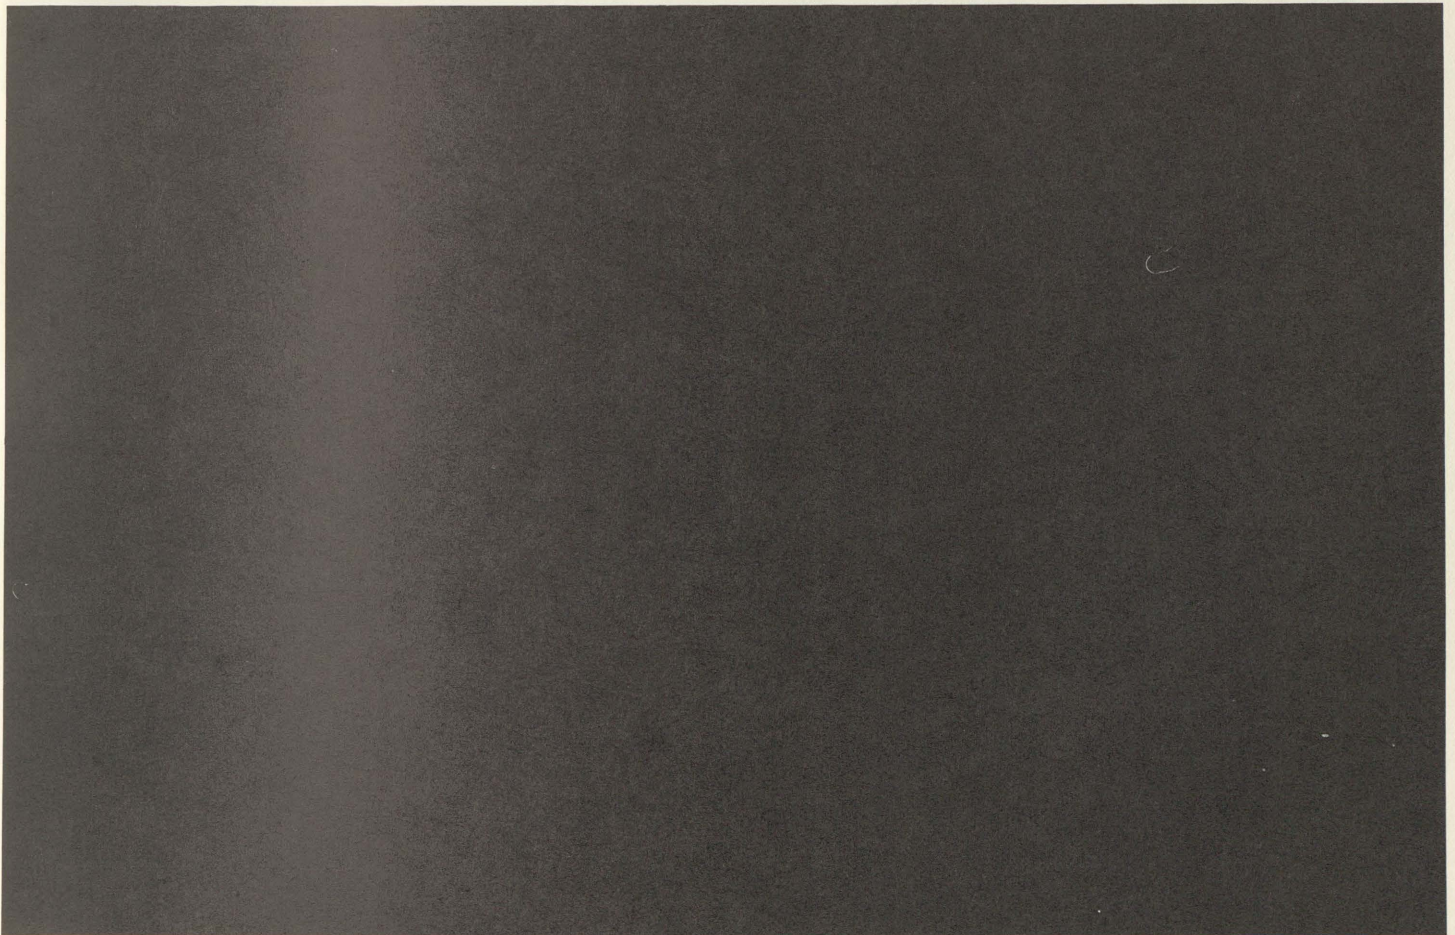

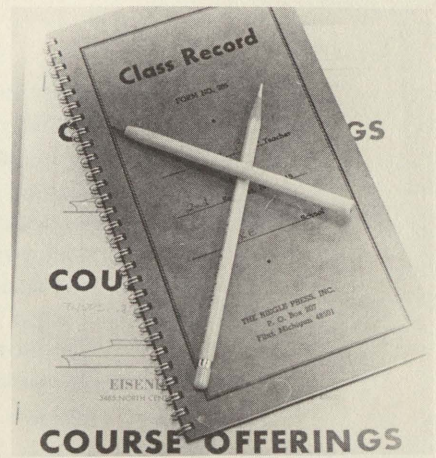

Above: Mrs. Black Girls Physical Education, Mr. Matson, Co-Ed gym and Athletic Director. Left-L. to R.: Mr. Buller, A.V. and head of the Media Department. Mr. Nagel, Art I, II, III and Photography. Below: Mr. Wallerstein, Band. Right: Mr. Muslin and Mr. Dulac, Boys Physical Education.

STUDENT LIFE

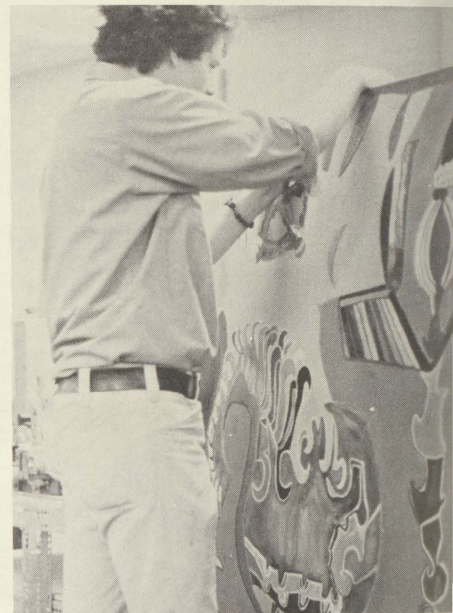

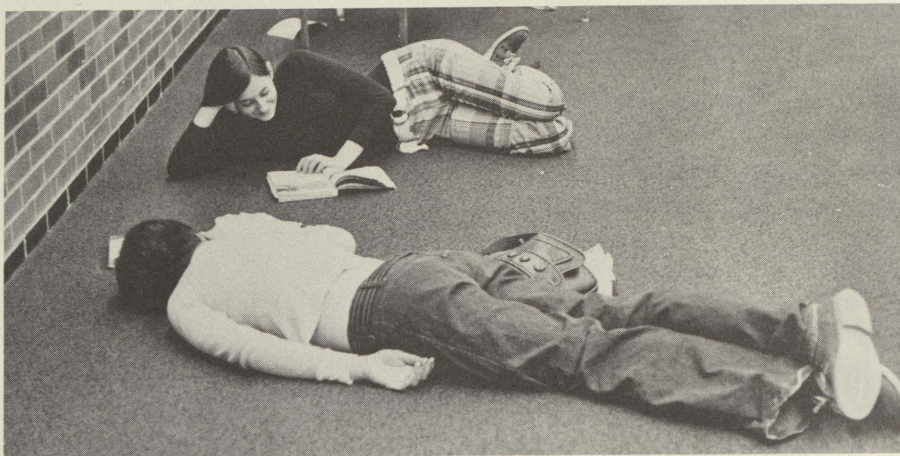

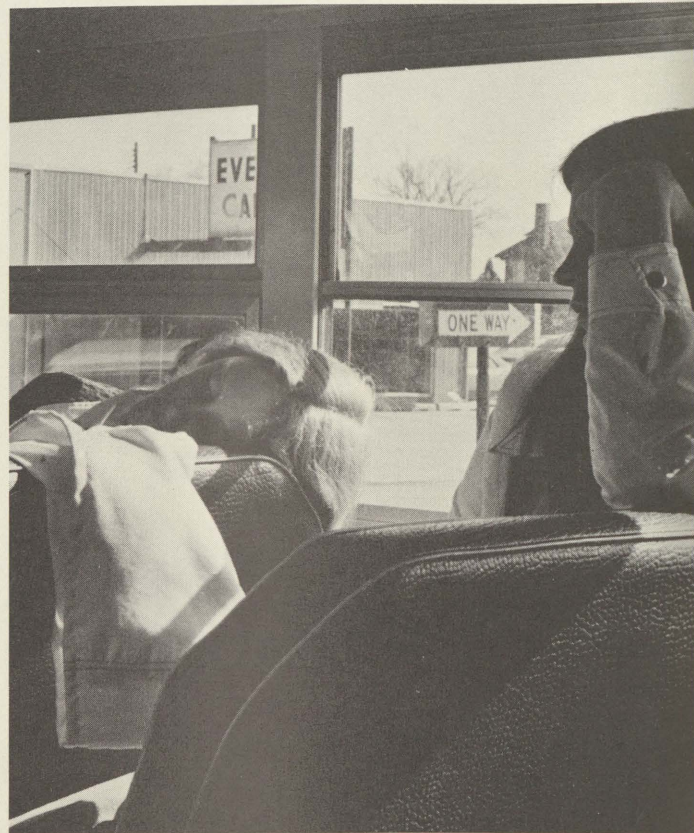

Never more will the wind
cherish you again,
never more will the rain.

Never more
shall we find you bright
in the snow and wind.

The snow is melted,
the snow is gone
and you are flown:

Like a bird out of our hand,
like a light out of our heart,
you are gone.

—H.D.

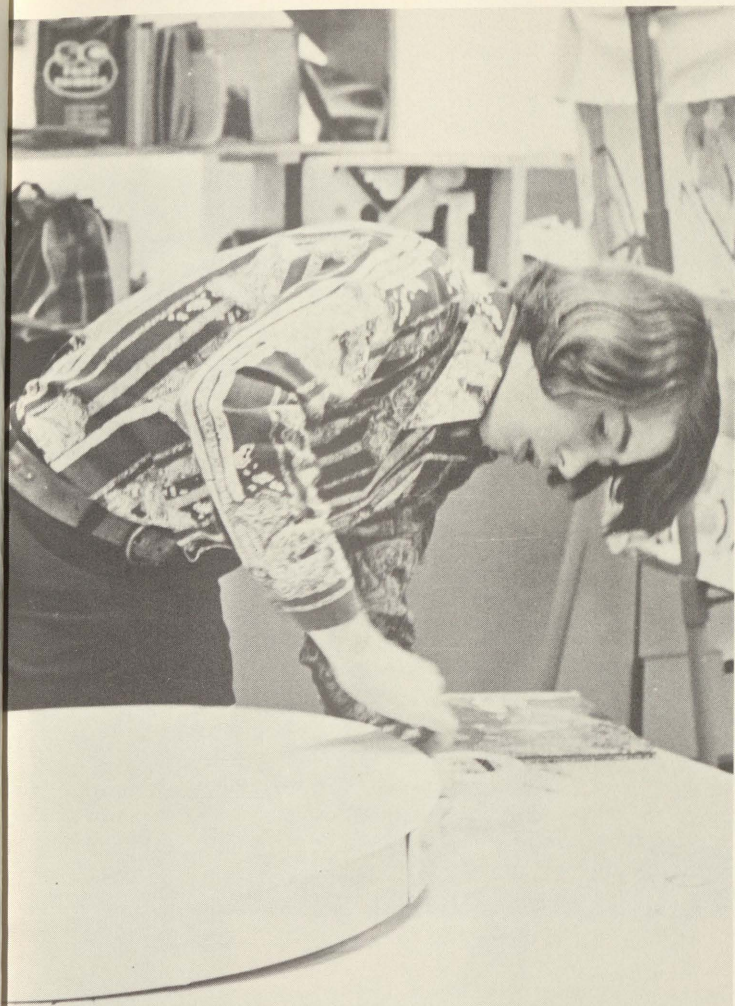

Perhaps the next wind that blows in
will bring you back to me again.
Till then, remembering just makes me want to cry,
Hello's the word before good-bye.
Sometimes you lose, sometimes you win
yet I can't forget what might have been.

—Rod McKuen

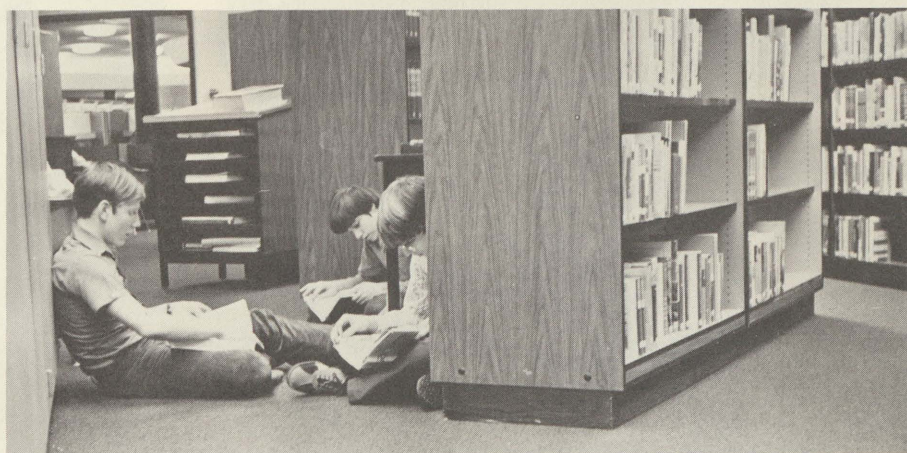

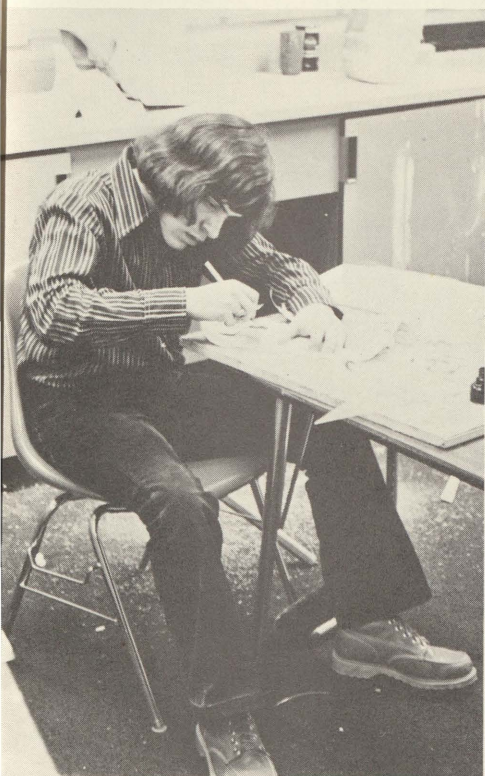

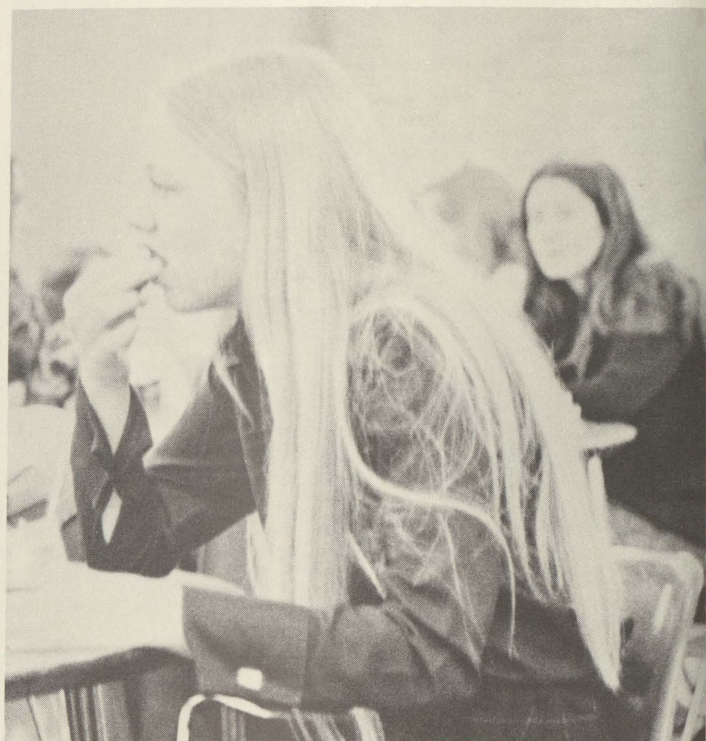

It is not the critic who counts, not the man who points out how the strong man stumbled, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena; whose face is marred by the dust and sweat and blood; who strives valiantly; who errs and comes short again and again . . . who knows the great enthusiasms, the great devotions and spends himself in a worthy cause; who, at the best, knows in the end the triumph of high achievement; and who, at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat.

—Theodore Roosevelt

Couldn't we stay
and watch the splashing we watched before?

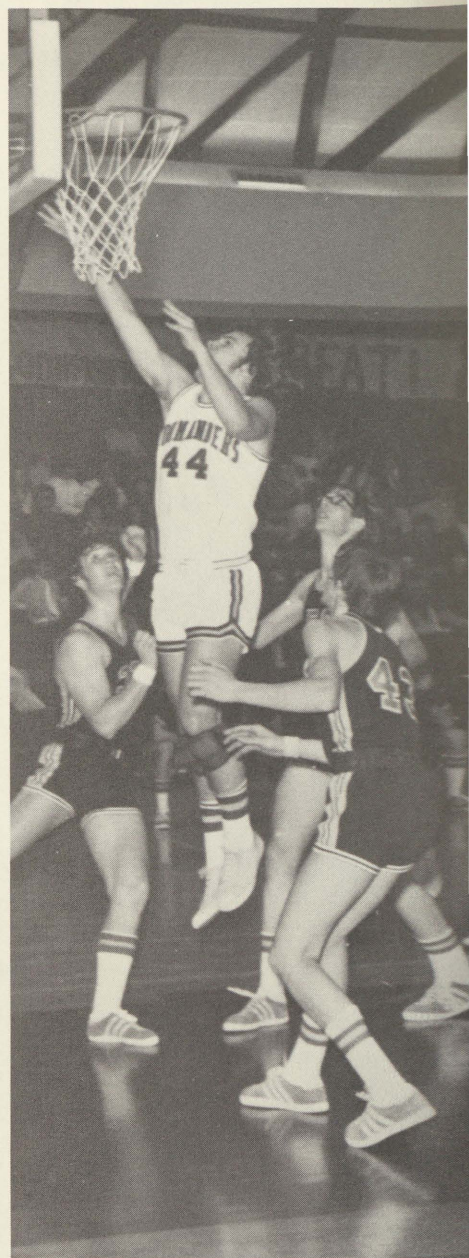

Afoot and light-hearted I take to the open road,
 Healthy, free, the world before me,
 The long brown path before me leading wherever I choose.

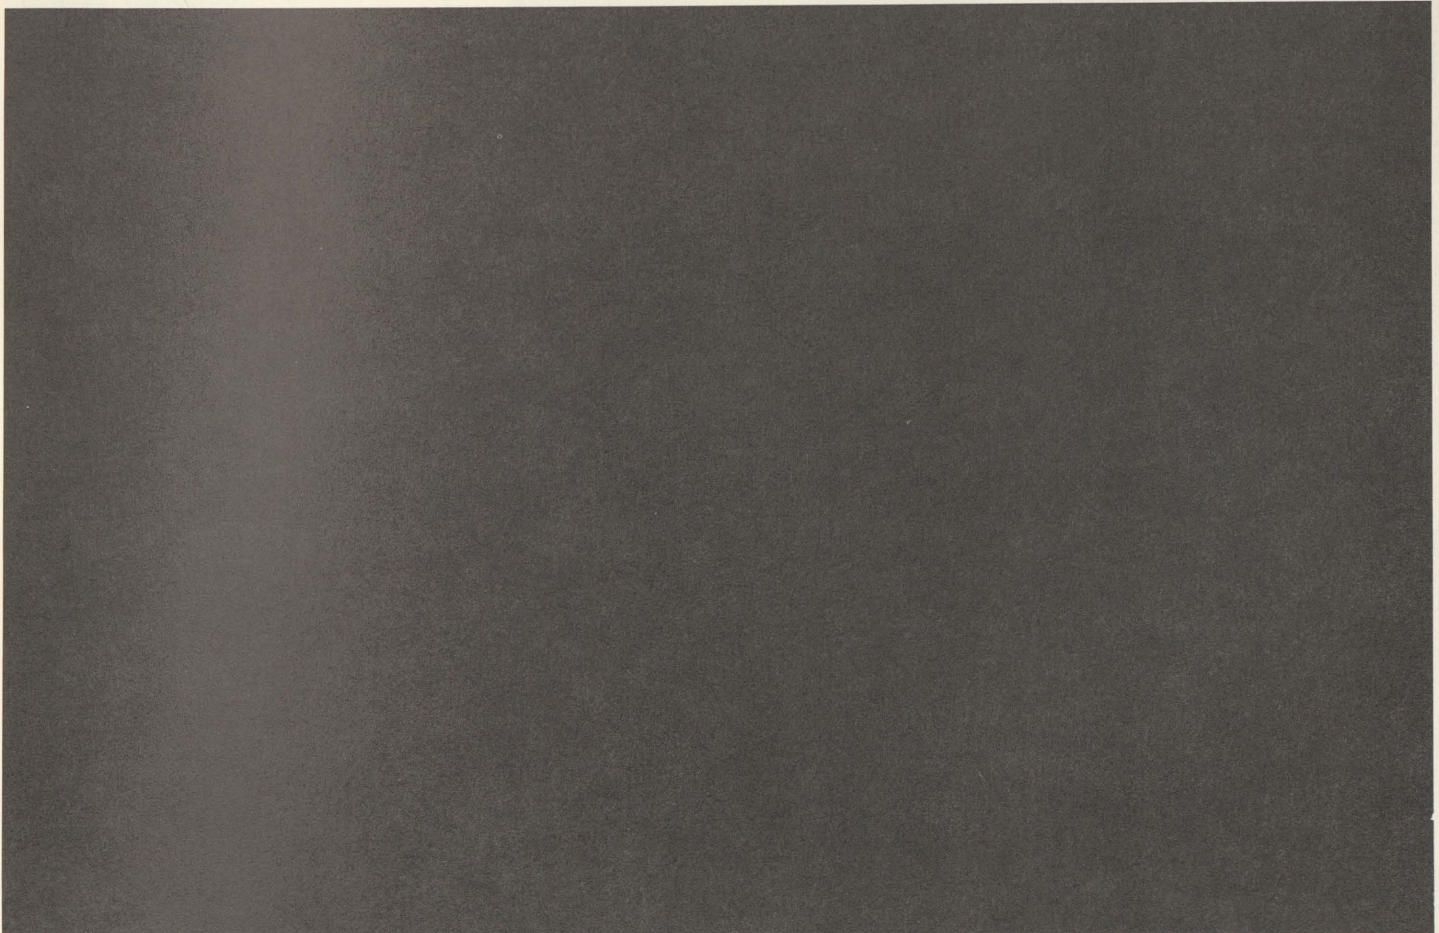

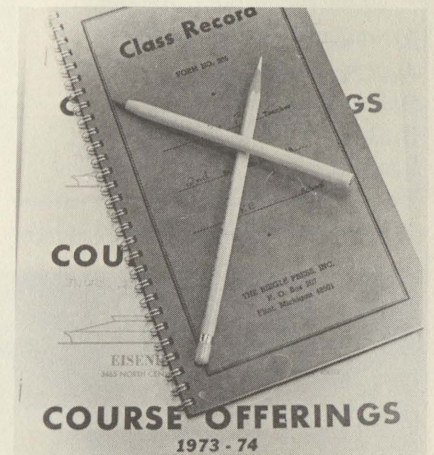

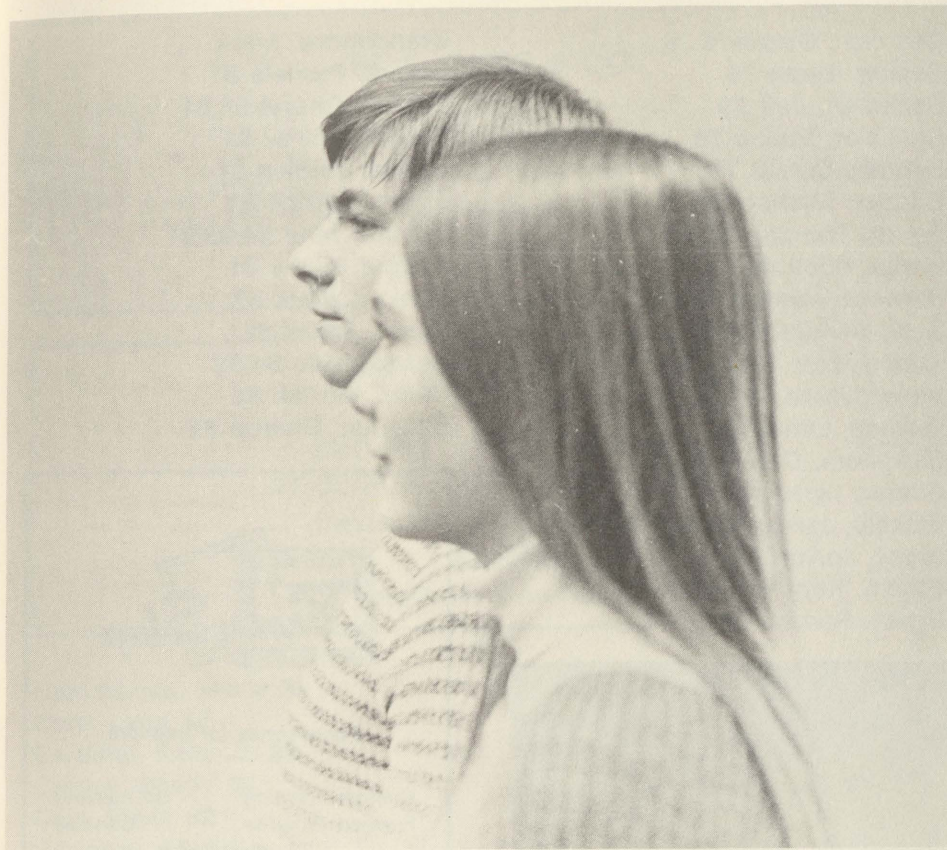

Henceforth I ask not good-fortune, I myself am good-fortune,
 Henceforth, I whimper no more, postpone no more, need nothing,
 Done with indoor complaints, libraries, querulous criticisms,
 Strong and content I travel the open road.

—Walt Whitman

ENDEAVOR 73

The activities club at Eisenhower that is interested in others, invites parents, neighbors, friends and those interested to attend and participate in our monthly meetings, each second Monday at Eisenhower.

WHY ENDEAVOR 73

When the combined Eisenhower MacArthur Booster Club divided into two separate groups, the contingent from Eisenhower felt that this community organization should be forward looking and should be more than merely a function to support athletics and related activities.

Thus the name, Endeavor 73, its members to include athletic and music boosters, members of the faculty and of the student body, the principal and concerned citizens from the community. Our membership is not restricted

SALUTES: Our Student Achievers

No man is an Island, entire of itself . . .
every man is a piece of the Continent, a part of the main;
if a bit be washed away by the Sea, Europe is the less,
as well as if a home of thy friends or of thine own were.
Any man's death diminishes me, because I am involved in Mankind;
And therefore never send to know for whom the bell tolls;
It tolls for thee.

—John Donne
